## **Life Without Elgar A Tale Of A Journeying Soul:**

Life Without Elgar Ann Merivale, 2014-10-02 During a regression to find out the reason for the unusual emotional attachment that she had since the age of sixteen to Sir Edward Elgar both his music and the man himself Ann Merivale was knocked for six at finding herself in the life of Helen Weaver his first fiancée One year on following a meeting held at Plas Gwyn in the very room that had been Elgar's study from 1904-11 a series of letters between Edward Elgar and Helen Weaver started writing themselves in her head Gradually and on the advice of colleagues she decided that this imaginary correspondence should form the middle section of a book devoted to her personal experiences The first part is autobiographical showing how she came to her present beliefs and the third part also somewhat autobiographical draws conclusions re healing It has the dual aim of introducing spiritual subjects to musical people who are unfamiliar with them and introducing Elgar to spiritually minded people who know little or nothing about him **Mindful Soul, Soulful Mind**

Trevor Greenfield, 2016-10-28 An anthology of published Mind Body Spirit authors from across the spectrum *Woman Through the Ages* Ann Merivale, 2022-07-29 Did you know that the first named piece of writing was the work of a Sumerian woman in approximately 2085 BC while the world's first novel was written by a Japanese woman in the eleventh century Or that Hildegard of Bingen the great twelfth century Abbess writer and composer defied the Church's traditions by viewing feminine sexuality as a gift of God Or that one of China's most powerful Emperors was a woman These are but a few examples of the facts in this autobiography with a difference *Woman Through the Ages* Author Ann Merivale a deep memory process therapist has used previous lifetimes in her own history to illustrate the roles we all play in preparation for returning to the source whence we've come Skilfully weaving her personal story into each area and time period covered Merivale highlights the injustices wrought on women for centuries as well as their many achievements *Woman Through the Ages* gives a fascinating and comprehensive picture of womanhood through the ages and concludes that the time for equality and greater respect for feminine energy is finally arriving **DEATH: Friend or Enemy?** Ann Merivale, 2025-01-28 Death as the saying goes is the great leveller and though many fear it while others view it as a blessed release its inescapability affects us all in some way The author of this unusual book makes use both of her spiritual reading and of the knowledge she gained from 20 plus years experience of taking her Deep Memory Process clients back to deaths in their previous lives thus giving a broad spectrum of possible post death scenarios These she illustrates with a combination of famous and fictional characters drawn both from accounts that came from the other side through her figurative pen and from factual research Part of the book's aim is to dispel all fears of death itself and to demonstrate that the notion of eternal damnation is mistaken At the same time it shows the reader that whether a lifetime lasts 10 years as did Annie Darwin's or 97 like Bertrand Russell's it has a clear purpose and value The stories precise truth is however immaterial as you will find them enjoyable educational and reassuring

**Secularism and the Pursuit of Transcendence, Volume II** Stanley E. Porter, Wendy J. Porter, 2025-02-19

We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

**The Elgar Society Journal** Elgar Society,1989 A Family Story Michael Greening,2006 Tracing one s own family history is a compelling exercise that often throws up unexpected connections In this book Michael Greening traces his surname story as far back as the sixteenth century including some of the branches that moved to the US Canada Australia and New Zealand He also explains the association with Sir Edward Elgar

**Elgar's Oratorios** Charles Edward McGuire,2002 From the end of the 18th century to the beginning of World War I the oratorio was Britain s most important and accesible musical genre Understanding Elgar s four oratorios within this history should add a great deal to our understanding of Elgar musical life at the time and the differences between the public and private spaces of Britain s religious worship
