GLOBALIZATION AND ITS DISCONTENTS

MAKING GLOBALIZATION WORK

JOSEPH E.
STIGLITZ

WITH A NEW PREFACE

"A brave book. . . . Stiglitz does an excellent job of describing dense topics . . . in language that's understandable and accessible."

—Russ Juskalian, *USA Today*

Making Globalization Work

Joseph E. Stiglitz

Making Globalization Work:

Making Globalization Work Joseph E. Stiglitz, 2007-08-28 Nobel Prize winner Stiglitz focuses on policies that truly work and offers fresh new thinking about the questions that shape the globalization debate Making Globalization Work Joseph E. Stiglitz, 2007 This book focuses on policies that truly work offering fresh new thinking about the questions that shape the globalization debate including a plan to restructure a global financial system made unstable by America's debt ideas for how countries can grow without degrading the environment a framework for free and fair global trade and much more Throughout the author reveals that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world And he makes plain the real work that all nations must undertake to realize that goal Dust jacket **Making Globalization Work** Joseph E. Stiglitz, 2007-09-17 A damning denunciation of things as they are and a platform for how we can do better Andrew Leonard Salon Building on the international bestseller *Globalization and Its Discontents* Joseph E Stiglitz offers here an agenda of inventive solutions to our most pressing economic social and environmental challenges with each proposal guided by the fundamental insight that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world As economic interdependence continues to gather the peoples of the world into a single community it brings with it the need to think and act globally This trenchant intellectually powerful and inspiring book is an invaluable step in that process *Making Globalization Work for Women* Valentine M. Moghadam, Suzanne Franzway, Mary Margaret Fonow, 2011-11-28 *Making Globalization Work for Women* explores the potential for trade unions to defend the socioeconomic rights of women in a global context Looking at labor policies and interviews with people in unions and nongovernmental organizations the essays diagnose the problems faced by women workers across the world and assess the progress that unions in various countries have made in responding to those problems Some concerns addressed include the masculine culture of many unions and the challenges of female leadership within them laissez faire governance and the limited success of organizations working on these issues globally *Making Globalization Work for Women* brings together in a synthetic and fruitful conversation the work and ideas of feminists unions NGOs and other human rights workers Making Globalization Work Shri Ram Centre for Industrial Relations and Human Resources, 2007 **Making Globalization Work for All** Gretchen Sidhu, 2007 *Making Globalization Work for the Least Developed Countries* Kamal Malhotra, 2008 The benefits of globalizations have failed to reach the Least Developed Countries LDCs for both domestic and international reasons Internationally LDCs continue to face daunting structural constraints some of which have been inherited from their colonial past This publication comprises the papers and statements presented at the United Nations Ministerial Conference of the LDCs which draw attention to issues and challenges facing LDCs and provide policy makers practitioners and academics in LDCs with important policy guidance on the way forward *Making Globalization Work for the World's Poor*

,2000 **Making Globalization Work** , Making Globalization Work for the Least Developed Countries ,2008
Making Globalisation Work ,2006 **Making Globalization Work** ,2002 Discusses how to expand the benefits of globalization to poor and working families around the world **Making Globalization Work for All** International Monetary Fund,2016-09-30 This paper focuses on concerns over wages jobs and future prospects are real and pressing for those who are not well equipped to thrive in this new world History clearly tells us that closing borders or increasing protectionism is not the way to go Many countries have tried this route and just as many have failed Instead we need to pursue policies that extend the benefits of openness and integration while alleviating their side effects Emerging and developing economies have been the prime beneficiaries of economic openness According to the World Bank trade has helped reduce by half the proportion of the global population living in extreme poverty China for instance saw a phenomenal drop in its extreme poverty rate from 36 percent at the end of the 1990s to 6 percent in 2011 Another example is Vietnam which in a single generation moved from being one of the world's poorest nations to middle income status which has allowed for increased investments in health and education *Taming the Beast* ,2001 Making Globalization Work Better for the Poor Through Contract Farming ,2014 **Globalization and Its Discontents** Joseph E Stiglitz,2002-07-02 This insider's account of global economic policy making will be hailed as much for its courage and honesty as for its depth and insight Renowned economist and Nobel laureate Joseph E Stiglitz spent seven years in Washington serving as chairman of President Clinton's Council of Economic Advisers and as chief economist for the World Bank Particularly concerned with the plight of the developing nations he became increasingly disillusioned as he saw the International Monetary Fund and other major institutions put the interests of Wall Street and the financial community ahead of the poorer nations Stiglitz had a ringside seat for most of the major economic events of the last decade including the Asian economic crisis and the transition of the former Soviet economies as well as the administration of development programs throughout the world Repeatedly he saw policy makers wedded to outdated economic models and using Washington Consensus doctrines based on them to design policies that had disastrously bad results He also discovered within the major institutions of globalization a damaging desire for secrecy that exacerbates mistakes at the same time as it inhibits positive change This book recounts Stiglitz's experiences opening a window on previously unseen aspects of global economic policy It is designed to provoke a healthy debate and will succeed in this goal even as it shows us in poignant terms why developing nations feel the economic deck is stacked against them Book jacket **Making Globalization Work for All** Gretchen Sidhu,2007 Making Globalization Work for Poor Producers in Sub-Saharan Africa Masaru Komura,2008 Global Politics Ben Whitham,Andrew Heywood,2023-03-31 In turbulent global times your study of this subject is increasingly necessary and urgent Featuring a new chapter on critical theories and revised to take a less Eurocentric approach to concepts and case studies this new edition allows you to tackle global politics important concepts debates and problems How can theories help us to understand the politics of a global

pandemic Do we live in a post truth world of fake news and disinformation Does international aid work Does the United States remain a global hegemon What is the Anthropocene and how does it shape global politics Are global politics constrained by a North South divide What are the possible futures of global politics and the politics of outer space Delving into topics as diverse as anarchy intersectionality Confucianism and neoconservatism boxed features give you confidence in political analysis Focus on learn more about the global colour line or the tragedy of the commons Key figures discuss the ideas of Hans Morgenthau Frantz Fanon or bell hooks Debating argue whether the United Nations are obsolete or whether nuclear weapons promote peace Global politics in action apply your learning to the migration crisis in Europe or the Arab Spring Approaches to consider human rights or the Covid 19 pandemic from the perspective of realist liberal postcolonial Marxist feminist constructivist and post structuralist theory Global actors understand the significance of Black Lives Matter Amnesty International or the International Monetary Fund Spanning the development of global politics from the early origins of globalization through to the return of multipolarity in the twenty first century this is an essential text for undergraduates studying global politics and international relations Management John R. Schermerhorn, Jr., Daniel G. Bachrach, 2023-05-03 Inspire students to be responsible and self aware decision makers Management 15th Edition supports active and engaged course environments while centralizing new topics such as diversity equity inclusion and social impact With a refocus on career application the underlying goal is to translate foundational theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test
