My Grandfathers Son A Memoir:

My Grandfather's Son LP Clarence Thomas, 2007-12-04 The Supreme Court justice recounts his life story from his impoverished childhood in Jim Crow era Georgia and his struggles to acquire an education to his publicly contested confirmation to the nation's highest court

My Grandfather's Son Clarence Thomas, 2021-10-12 Provocative inspiring and unflinchingly honest My Grandfather's Son is the story of one of America's most remarkable and controversial leaders Supreme Court Justice Clarence Thomas told in his own words Thomas speaks out revealing the pieces of his life he holds dear detailing the suffering and injustices he has overcome including the polarizing Senate hearing involving a former aide Anita Hill and the depression and despair it created in his own life and the lives of those closest to him In this candid and deeply moving memoir a quintessential American tale of hardship and grit Clarence Thomas recounts his astonishing journey for the first time

My Grandfather's Son Clarence Thomas, 2007

The Enigma of Clarence Thomas Corey Robin, 2019-09-24 The Enigma of Clarence Thomas is a groundbreaking revisionist take on the Supreme Court justice everyone knows about but no one knows One of the marvels of Robin's razor sharp book is how carefully he marshals his evidence It isn't every day that reading about ideas can be both so gratifying and unsettling The New York Times Most people can tell you two things about Clarence Thomas Anita Hill accused him of sexual harassment and he almost never speaks from the bench Here are some things they don't know Thomas is a black nationalist In college he memorized the speeches of Malcolm X He believes white people are incurably racist In the first examination of its kind Corey Robin one of the foremost analysts of the right The Reactionary Mind delves deeply into both Thomas's biography and his jurisprudence masterfully reading his Supreme Court opinions against the backdrop of his autobiographical and political writings and speeches The hidden source of Thomas's conservative views Robin shows is a profound skepticism that racism can be overcome Thomas is convinced that any government action on behalf of African Americans will be tainted by racism the most African Americans can hope for is that white people will get out of their way There's a reason Robin concludes why liberals often complain that Thomas doesn't speak but seldom pay attention when he does Were they to listen they'd hear a racial pessimism that often sounds similar to their own Cutting across the ideological spectrum this unacknowledged consensus about the impossibility of progress is key to understanding today's political stalemate

The Myth of Affirmative Action Rudolph Alexander, 2023-11-25 Many White people and some conservative Black people believe that affirmative action programs are unfairly depriving more deserving Whites of jobs and education opportunities The author argues that is a myth For example University admissions data demonstrates that despite affirmative action rhetoric there remains systemic bias against Black students Sociological data on criminal record race and employment found that White people with a criminal record had a better chance of getting a call back than Black people without one Renowned Professor of Social Work Dr Rudolph Alexander Jr analyses many examples which demonstrate that the claim that affirmative action programs have led to

unfair discrimination against White people of equal ability is a myth Though not always comfortable reading the book is an important addition to the literature on equality diversity and critical race theory

The Memoirs of Barry Lyndon, Esq., Written by Himself William Makepeace Thackeray, 1899

Raised Right Jeffrey R. Dudas, 2017-03-21 How has the modern conservative movement thrived in spite of the lack of harmony among its constituent members What and who holds together its large corporate interests small government libertarians social and racial traditionalists and evangelical Christians Raised Right pursues these questions through a cultural study of three iconic conservative figures National Review editor William F Buckley Jr President Ronald Reagan and Supreme Court Justice Clarence Thomas Examining their papers writings and rhetoric Jeffrey R Dudas identifies what he terms a paternal rights discourse the arguments about fatherhood and rights that permeate their personal lives and political visions For each paternal discipline was crucial to producing autonomous citizens worthy and capable of self governance This paternalist logic is the cohesive agent for an entire conservative movement uniting its celebration of founding fathers past and present constitutional and biological Yet this discourse produces a paradox When do authoritative fathers transfer their rights to these well raised citizens This duality propels conservative politics forward with unruly results The mythology of these American fathers gives conservatives something and someone to believe in and therein lies its timeless appeal

Dumbing Down the Courts John R. Lott, Jr., 2013-09-17 Judges have enormous power They determine whom we can marry whether we can own firearms whether the government can mandate that we buy certain products and how we define personhood But who gets to occupy these powerful positions Up until now there has been little systematic study of what type of judges get confirmed In his rigorous yet readable style John Lott analyzes both historical accounts and large amounts of data to see how the confirmation process has changed over time Most importantly Dumbing Down the Courts shows that intelligence has now become a liability for judicial nominees With courts taking on an ever greater role in our lives smarter judges are feared by the opposition Although presidents want brilliant judges who support their positions senators of the opposing party increasingly Bork those nominees who would be the most influential judges subjecting them to humiliating and long confirmations The conclusion The brightest nominees will not end

Fundamentalism in American Religion and Law David A. J. Richards, 2010-03-15 Why from Reagan to George Bush have fundamentalists in religion and in law originalists exercised such political power and influence in the United States Why has the Republican Party forged an ideology of judicial appointments originalism hostile to abortion and gay rights Why and how did Barack Obama distinguish himself among Democratic candidates not only by his opposition to the Iraq war but by his opposition to originalism This book argues that fundamentalism in both religion and law threatens democratic values and draws its appeal from a patriarchal psychology still alive in our personal and political lives and at threat from the constitutional developments since the 1960s The argument analyzes this psychology based on traumatic loss in intimate life and resistance to it based on the love of equals Obama s resistance to originalism arises from his developmental history as a

democratic as opposed to patriarchal man who resists the patriarchal demands on men and women that originalism enforces in particular the patriarchal love laws that tell people who and how and how much they may love Wacky Aphorisms, What the Web Says about My Grandfather's Son Jason Breting,2013-02-01 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of My Grandfather s Son A Memoir Don t say we didn t warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled flights of fantasy Don t buy this book if 1 You don t have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You ve heard it all The Miscellaneous Works of Tobias Smollett ...
