La Chevalerie Gisserot Histoire:

A Cumulative Bibliography of Medieval Military History and Technology, Update 2004 Kelly DeVries, 2004-12-01 This is the first update of A Cumulative Bibliography of Medieval Military History and Technology which appeared in 2002 It is meant to do two things to present references to works on medieval military history and technology not included in the first volume and to present references to all books and articles published on medieval military history and technology from 2000 to 2002 These references are divided into the same categories as in the first volume and cover a chronological period of the same length from late antiquity to 1648 again in order to present a more complete picture of influences on and from the Middle Ages It also continues to cover the same geographical area as the first volume in essence Europe and the Middle East or again influences on and from this area The languages of these bibliographical references reflect this geography

Guerre sainte, jihad, croisade Jean Flori, 2002 D critique l'évolution des idées des mentalités et des attitudes envers la violence des armes en christianisme et en islam Comment est utilisée la notion de guerre sainte Comment percutent-elles l'idée de jihad Par quelles voies les deux religions en arrivent la fin du XIe siècle un niveau similaire de sacralisation de la guerre

Voyage en Béarn Jean Froissart, 2003 Œuvre d'une vie les monumentales Chroniques de Froissart furent rédigées de 1356-1400 Si les deux premiers livres s'attachent au récit du conflit franco-anglais et de la guerre de Flandre le livre III s'éloigne du domaine de l'Histoire pour faire des incursions dans celui de l'expérience le chroniqueur se fait moraliste Ainsi Froissart effectue un voyage dans le Sud-Ouest pour une mission Il est reçu à la cour du fameux Gaston Fébus Il se plaît à rapporter les anecdotes qu'il y a entendues et celles ayant trait aux lieux qu'il parcourt La présente édition retranscrit ce voyage dans le Béarn Une traduction placée en regard du texte original permet une lecture aisée Une copieuse introduction et un dossier historique et littéraire complètent l'édition

L'Entrée D'Espagne Claudia Boscolo, 2017-12-31 L'Entrée d'Espagne is a fourteenth century Franco-Italian poem probably composed by its unknown Paduan author at the early Visconti court which defined a literary trend of the Renaissance by transforming a typical epic matter Charlemagne's conquest of Spain into a chivalric poem it successfully hybridized epic with classical sources references to the Breton romances and European conceptions or misconceptions of medieval Islam This study traces the major influences upon this important work of art including the backdrop of early fourteenth century Northern Italian politics It examines the gradual weakening of the figure of Charlemagne in the poem as a reflection above all of the diplomatic and military tensions between France and the early rulers of Milan

Chroniqueurs et propagandistes Jean Flori, 2010 La première croisade 1095-1099 fut sans aucun doute l'un des faits majeurs du Moyen Âge Elle ouvrit une nouvelle ère dans les relations entre la chrétienté occidentale et le Proche-Orient

musulman et chrétien. Aucun événement n'a donné lieu à autant de récits en particulier les chroniques tudesques ici qui constituent la source principale de ce que nous savons du déroulement de la première croisade de ses origines et de ses intentions. Or ces chroniqueurs n'étaient pas neutres. Tous furent des témoins ou des spectateurs engagés. Ils avaient leurs propres préoccupations et leur propre idéologie que reflète l'analyse quantitative de leur vocabulaire et l'étude qualitative de leurs thèmes de prédilection. Ce sont dans une large mesure des œuvres de propagande qui interprètent leur manière les faits que chaque chroniqueur choisit de relater. L'étude de Jean Flori est le fruit d'un quart de siècle de recherche consacrant ces sources. Il remet en cause la datation jusqu'ici admise de ces chroniques leurs relations d'interdépendance et la hiérarchie de leur fiabilité relative. Cette véritable révolution historiographique rend possible et même nécessaire une nouvelle approche du phénomène de la croisade.

P 4 of cover **Etapas de la vie et tradition orale** Véronique de Colombel, Micheline Lebarbier, 2008. Issu des réflexions de l'opération Textes de tradition orale en relation avec faits et pratiques socioculturels, cet ouvrage porte sur les étapes de la vie prises en charge par les diverses sociétés et dont les franchissements comportent des caractéristiques universelles malgré la diversité des cultures. La finalité essentielle de ces passages est l'intégration de l'individu au groupe et le maintien au fil des âges de l'identité de la société par la transmission des pratiques, des règles et des savoirs. Ceci étant, nous avons été amenés à étudier les différents domaines impliqués : le cadre cosmique, les conditions matérielles et économiques, le contexte social, les transformations culturelles, les connaissances, les croyances, les pratiques et à soulever les problèmes liés à l'évolution des sociétés qui entraînent une perte d'identité, particulièrement pour les sociétés traditionnelles confrontées à la mondialisation. Or toute société, même si elle tend à disparaître, peut laisser un message qui devrait permettre à l'humanité de s'enrichir de l'expérience humaine intégrale, concept que l'on doit à P. Ricœur. En effet, notre avenir ne peut se limiter à un développement économique et matériel unilatéral avec toutes les violences, injustices et appauvrissements qu'il peut engendrer. Un constant dialogue entre les cultures permettrait alors de faire émerger des valeurs pour le guider. Cet ouvrage de sciences humaines conçu au sein d'un laboratoire pluridisciplinaire du CNRS, le LACITO (Laboratoire de Langues et Civilisations à Tradition Orale), pourra dérouter tous ceux qui défendent la pureté d'une discipline, les prérogatives d'une démarche ou d'une théorie, ainsi que l'autorité d'un modèle universel trop souvent autocentré. Il est le fruit de la contribution d'auteurs qui se sont intéressés à la tradition orale et ont eu le souci pour une meilleure compréhension des phénomènes humains de confronter les apports techniques de leurs différentes disciplines : linguistique, anthropologie, histoire, philosophie, ethnosciences, et cela malgré les difficultés terminologiques que cela aurait pu poser. Grâce à notre collaboration, les outils utilisés auront permis d'ouvrir une problématique qui va au-delà de l'étude d'un mécanisme pointu à l'intérieur d'un seul système.

Le théâtre du sang Julien Perrier-Chartrand, 2018 From the second half of the 16th century in the personal reign of Louis XIV clandestine duels multiply in France and their proliferation gives rise to a vast written production On the one hand the authors attached to aristocratic values try to persuade the royal authority to re-establish an authorized duel On the other hand magistrates and men of the Church propose to inflict infamous sentences on combatants In this work we show by examining the reference systems called upon in these texts that the reflection on the duel is articulated around a heroic and theatrical imagination mobilized by the authors of each position according to their interests Through a set of recurring figures figures that crystallize a series of key notions at the heart of the intellectual debate on single combat Google translation of back cover
