19. Install the valve cover retaining brackets.

Image shows engine with valve cover

The valve cover gasket is made of a harder material than the engine block. It is important to ensure that the gasket is properly seated and that the engine is properly sealed. The gasket is made of a harder material than the engine block. It is important to ensure that the gasket is properly seated and that the engine is properly sealed.

After installing the valve cover, install the valve cover retaining bolts. Tighten the valve cover retaining bolts.

If the valve manifold is to be changed, the 10 threaded holes for the injectors must be covered on the new intake manifold.  
**Valves and valve seats**

Because of the higher stress involved in gas operation:

- The inlet and exhaust valves are made of a harder material
- The inlet and exhaust valve seats and the valve stems are made of a harder material
- The valve clearances must be checked more frequently and corrected if necessary
