Lucy Calkins Common Core Second Grade:

Storytelling in Early Childhood Teresa Cremin, Rosie Flewitt, Ben Mardell, Joan Swann, 2016-12-08 Storytelling in Early Childhood is a captivating book which explores the multiple dimensions of storytelling and story acting and shows how they enrich language and literacy learning in the early years. Foregrounding the power of children's own stories in the early and primary years, it provides evidence that storytelling and story acting a pedagogic approach first developed by Vivian Gussin Paley affords rich opportunities to foster learning within a play-based and language-rich curriculum. The book explores a number of themes and topics including the role of imaginary play and its dynamic relationship to narrative, how socially situated symbolic actions enrich the emotional, cognitive and social development of children, how the interrelated practices of storytelling and dramatisation enhance language and literacy learning and contribute to an inclusive classroom culture, the challenges practitioners face in aligning their understanding of child literacy and learning with a narrow mandated curriculum which focuses on measurable outcomes. Driven by an international approach and based on new empirical studies, this volume further advances the field offering new theoretical and practical analyses of storytelling and story acting from complementary disciplinary perspectives. This book is a potent and engaging read for anyone intrigued by Paley's storytelling and story acting curriculum as well as those practitioners and students with a vested interest in early years literacy and language learning. With contributions from Vivian Gussin Paley, Patricia Patsy Cooper, Dorothy Faulkner, Natalia Kucirkova, Gillian Dowley, McNamee and Ageliki Nicolopoulou.

The Common Core Companion: Booster Lessons, Grades K-2 Janiel Wagstaff, 2015-09-02 You can find hundreds of literacy lessons in hundreds of places but none of them will do for students what the ones in this book do. What's the magic bullet? Potent integration. Divided into five weeklong learning sequences, the 50 lessons span the ELA standards bringing a Monday through Friday clarity to the sometimes mysterious process of skill building through demonstrations and practice. Follow each sequence and week by week you'll build the instructional potency to help students achieve a year's worth of growth as you integrate Writing Narratives with Identifying Sensory Words in Text, Research with Identifying Topic and Details, Opinion Writing with Close Reading for Text Evidence, Comparing and Contrasting with Publishing Using Digital Tools, Informative Writing with Use of Text Features. Each of the 50 lessons is eminently dipable. But if you want to do more extended instructional planning, there are lots of additional tools including lists of mentor texts and If-Then and Extending the Work charts within the book and on the companion website www.corwin.com/commoncorecompanion.
