 Katherine Harvey, 2022-11-28 An illuminating exploration of the surprisingly familiar sex lives of ordinary medieval people  
 The medieval humoral system of medicine suggested that it was possible to die from having too much or too little sex while  
 the Roman Catholic Church taught that virginity was the ideal state Holy men and women committed themselves to lifelong  
 abstinence in the name of religion Everyone was forced to conform to restrictive rules about who they could have sex with in  
 what way how often and even when and could be harshly punished for getting it wrong Other experiences are more familiar  
 Like us medieval people faced challenges in finding a suitable partner or trying to get pregnant or trying not to They also  
 struggled with many of the same social issues such as whether prostitution should be legalized Above all they shared our  
 fondness for dirty jokes and erotic images By exploring their sex lives the book brings ordinary medieval people to life and  
 reveals details of their most personal thoughts and experiences Ultimately it provides us with an important and intimate
