La Chute Des Mondes:

The Taliban Courts in Afghanistan Adam Baczko, 2023-10-21 How did the Taliban gain the trust of the Afghan population through decades of conflict How did they put themselves in a position to regulate social relations And with what consequences for Afghan society The Taliban Courts in Afghanistan Waging War by Law explores how the Taliban used the law as a resource in its conflict with militarily and technologically superior Western armies While the international coalition set up an inadequate and corrupt legal system the Taliban set up hundreds of courts in the countryside By insisting on due process impartiality of judges and the enforcement of verdicts this system of justice established itself as one of the few sources of predictability in the daily lives of Afghans The armed movement used law to substantiate their claim to embody the state disseminate their vision of society and establish local legitimacy Their courts attempted to balance the political agenda of the movement the demands of Islamic law the needs of the population and the expectations of international legal actors whose implicit recognition they desired In contemporary civil wars where dispensing justice is at once a juridical activity a political weapon and a stake in the war this book thus accounts for why the West lost the war and how the Taliban took over the country Based on the author's extensive fieldwork in various provinces in Afghanistan and unique access to Taliban judges and court users this socio legal investigation offers new perspectives on a country that was at war for over four decades Baczko proposes an innovative reflection on the place of law and courts in civil wars as well as a stark reminder of the dangers of foreign intervention Timely and thought provoking this book is appeals to a multi disciplinary audience including legal scholars political scientists sociologists diplomats policy makers and anyone interested in the Afghan conflict
