Resources in Education, 2001      **The Measure of America** Sarah Burd-Sharps, Kristen Lewis, Eduardo Borges Martins, 2008-07-22 The Measure of America is the first ever human development report for a wealthy developed nation. It introduces the American Human Development Index which provides a single measure of well-being for all Americans, disaggregated by state and congressional district as well as by gender, race and ethnicity. The Index rankings of the 50 states and 436 congressional districts reveal huge disparities in the health, education and living standards of different groups. Clear, precise, objective and authoritative, this report will become the basis for all serious discussions concerning the realization of a fair, just and globally competitive American society.      The Mathematics Teacher, 1955      Resources in Education, 1996
