Learn To Earn Peter Lynch:

Learn to Earn Peter Lynch, John Rothchild, 2012-11-27 Mutual fund superstar Peter Lynch and author John Rothchild explain the basic principles of the stock market and business in an investing guide that will enlighten and entertain anyone who is high school age or older Many investors including some with substantial portfolios have only the sketchiest idea of how the stock market works The reason say Lynch and Rothchild is that the basics of investing the fundamentals of our economic system and what they have to do with the stock market aren't taught in school At a time when individuals have to make important decisions about saving for college and 401 k retirement funds this failure to provide a basic education in investing can have tragic consequences For those who know what to look for investment opportunities are everywhere The average high school student is familiar with Nike Reebok McDonald's the Gap and The Body Shop Nearly every teenager in America drinks Coke or Pepsi but only a very few own shares in either company or even understand how to buy them Every student studies American history but few realize that our country was settled by European colonists financed by public companies in England and Holland and the basic principles behind public companies haven't changed in more than three hundred years In **Learn to Earn** Lynch and Rothchild explain in a style accessible to anyone who is high school age or older how to read a stock table in the daily newspaper how to understand a company annual report and why everyone should pay attention to the stock market They explain not only how to invest but also how to think like an investor **Learn to Earn** Peter Lynch, 1996

Beating the Street Peter Lynch, John Rothchild, 1994-05-25 Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful portfolio *The Harriman House Book of Investing Rules* Philip Jenks, Stephen Eckett, 2011-02-21 For the first time the tactics strategies and insights relied on by 150 of the world's most respected financial experts are revealed in a concise digestible form Learn how you really make money in the markets from fund managers of billion pound equity funds traders in the options and futures markets industry rated analysts economists from top business schools writers on leading financial newspapers Each provides focused and practical rules on how to succeed in the market Often counter intuitive their rules tell you exactly what to do and what not to do No padding just a rock hard list of do's and don'ts The contributors to this book are the elite of investing They consistently beat the market because they know which shares to buy at what price and when And just as importantly they know when to sell Never before has so much quality advice been packed into a single book If you want to increase your wealth through investing this is an unmissable opportunity to acquire knowledge and skills from the best in the world

One Up On Wall Street Peter Lynch, John Rothchild, 2000-04-03 THE NATIONAL BESTSELLING BOOK THAT EVERY INVESTOR SHOULD OWN Peter Lynch is America's number one money manager His mantra Average investors can become experts in their own field and can pick winning stocks as effectively as Wall Street professionals by doing just a little research Now in a new introduction written specifically for this edition of **One Up on Wall Street** Lynch gives his take on the

incredible rise of Internet stocks as well as a list of twenty winning companies of high tech 90s That many of these winners are low tech supports his thesis that amateur investors can continue to reap exceptional rewards from mundane easy to understand companies they encounter in their daily lives Investment opportunities abound for the layperson Lynch says By simply observing business developments and taking notice of your immediate world from the mall to the workplace you can discover potentially successful companies before professional analysts do This jump on the experts is what produces tenbaggers the stocks that appreciate tenfold or more and turn an average stock portfolio into a star performer The former star manager of Fidelity s multibillion dollar Magellan Fund Lynch reveals how he achieved his spectacular record Writing with John Rothchild Lynch offers easy to follow directions for sorting out the long shots from the no shots by reviewing a company s financial statements and by identifying which numbers really count He explains how to stalk tenbaggers and lays out the guidelines for investing in cyclical turnaround and fast growing companies Lynch promises that if you ignore the ups and downs of the market and the endless speculation about interest rates in the long term anywhere from five to fifteen years your portfolio will reward you This advice has proved to be timeless and has made One Up on Wall Street a number one bestseller And now this classic is as valuable in the new millennium as ever

The Global-Investor Book of Investing Rules Philip Jenks, Stephen Eckett, 2002 Profiles of 150 successful fund managers traders analysts economists and investment experts offer advice techniques and ideas to increase returns and control risks in investing Some of the areas of specialty discussed include international markets and capital flows company valuation liquidity Corporate Social Investing Curt Weeden, 1998-09-10 Table of Contents Small Stocks, Big Money Dave Gentry, 2015-11-24 Small companies come with big risk but potentially life changing reward Small Stocks Big Money provides first hand perspective and insider information on the fast world of microcap investing In a series of interviews with the superstars of small stocks you ll learn how to discover the right companies and develop a solid investment strategy with a potentially big payoff Each chapter includes a short bio of the investor in question and provides key insight into the lessons learned from the investments that made them millions or in some cases hundreds of millions You ll learn each investor s top stock picks and how they originally chose the investments that became their gold mines Whether you re a professional investor or a novice this book is a unique and valuable source of information for anyone interested in the volatile world of small stocks and big money The smaller the company the bigger the risk and the bigger the potential payoff These interviews show you how to avoid or mitigate those risks and how to choose the stocks with the best potential from the perspective of those who have done it very very successfully Learn the nuances of microcap investing Read the stories of the pros who have made millions Gain expert insight from top microcap investors Avoid the potential pitfalls and reap the big rewards Taking a risk on a small company can lead to tremendous gains when they become an industry giant The trick is in choosing the company that is likely to follow that trajectory and allocating your investment appropriately to protect yourself in case of disaster Small Stocks Big Money gives
