Edited by the Vice President of Education at the Public Education Business Coalition PEBC, a nonprofit that is nationally known for its expertise in literacy and professional development, the book is a call to action and a practical guide for reform-minded schools and districts and for teachers seeking to help all adolescent learners achieve at high levels. It is replete with vivid illustrations of exemplary classroom practice across all content areas. It also offers important frameworks to help teachers implement those practices in their own schools. Perfect for professional learning communities, study groups, and individual teachers, this book offers schools and districts inspiration and guidance for undertaking a whole school inquiry about adolescent learning, thinking, and literacy. Shows the specific role that literacy plays in each of the core content areas: math, science, social studies, and language arts. Includes proven tips for secondary and middle school teachers based on the work of teachers in classrooms where students are achieving at high levels. Provides the common concepts and strategies necessary to help an entire faculty implement the models presented in the book. *Helping Children Learn Mathematics* Robert E. Reys, Mary Lindquist, Diana V. Lambdin, Nancy L. Smith, 2008-12-15 The ninth edition of this best-selling elementary math methods textbook continues the rich history of this book with a dash of new breath and a new contemporary design. It has been updated to reflect current recommendations, readings, and practices while maintaining the characteristics and features that have made it a popular choice of instructors. This new edition remains an invaluable text for students who are being introduced to teaching elementary mathematics. In addition, its depth also makes it appropriate for teachers to use as they continue to learn about teaching mathematics.
