Metis Race Recognition And The Struggle For Indigenous Peoplehood:

"*Métis*" Chris Andersen, 2014-05-12 Ask any Canadian what M tis means and they will likely say mixed race Canadians consider M tis mixed in ways that other indigenous people are not and the census and courts have premised their recognition of M tis status on this race based understanding According to Andersen Canada got it wrong Our very preoccupation with mixedness is not natural but stems from more than 150 years of sustained labour on the part of the state and others From its roots deep in the colonial past the idea of M tis as mixed has pervaded the Canadian consciousness until it settled in the realm of common sense In the process M tis has become a racial category rather than the identity of an indigenous people with a shared sense of history and culture Andersen asks all Canadians to consider the consequences of adopting a definition of M tis that makes it nearly impossible for the M tis nation to make political claims as a people **"Métis"** Chris Andersen, 2021 *Eastern Métis* Michel Bouchard, Sébastien Malette, Siomonn Pulla, 2021-03-01 In *Eastern M tis* Michel Bouchard Sébastien Malette and Siomonn Pulla demonstrate the historical and social evidence for the origins and continued existence of M tis communities across Ontario Quebec and the Canadian Maritimes as well as the West Contributors to this edited collection explore archival and historical records that challenge narratives which exclude the possibility of M tis communities and identities in central and eastern Canada Taking a continental rhizomatic approach this book provides a rich and nuanced view of what it means to be M tis Settler Colonial Ways of Seeing Danielle Taschereau Mamers, 2023-12-05 An innovative analysis of Indigenous strategies for overcoming the settler state How do bureaucratic documents create and reproduce a state's capacity to see What kinds of worlds do documents help create Further how might such documentary practices and settler colonial ways of seeing be refused *Settler Colonial Ways of Seeing* investigates how the Canadian state has used documents lists and databases to generate make visible and invisible Indigenous identity With an archive of legislative documents registration forms identity cards and reports Danielle Taschereau Mamers traces the political and media history of Indian status in Canada demonstrating how paperwork has been used by the state to materialize identity categories in the service of colonial governance Her analysis of bureaucratic artifacts is led by the interventions of Indigenous artists including Robert Houle Nadia Myre Cheryl L Hironnelle and Rebecca Belmore Bringing together media theories of documentation and the strategies of these artists *Settler Colonial Ways of Seeing* develops a method for identifying how bureaucratic documents mediate power relations as well as how those relations may be disobeyed and reimagined By integrating art led inquiry with media theory and settler colonial studies approaches Taschereau Mamers offers a political and media history of the documents that have reproduced Indian status More importantly she provides us with an innovative guide for using art as a method of theorizing decolonial political relations This is a crucial book for any reader interested in the intersection of state archives settler colonial studies and visual culture in the context of Canada's complex and violent relationship with Indigenous peoples **Walking This Path Together, 3rd Edition** Gwendolyn

Gosek,2025-04-29T00:00:00Z Canadian child welfare policies and practices have been central to maintaining a settler colonial nation by controlling and managing the childhoods and future lives of children While ostensibly grounded in the best interests of the child child welfare policies and practices far too often make the lives of young people more precarious because they are stratified along race and class lines rather than caring for their wellbeing There have been dire consequences for Indigenous communities but also for Black newcomer non citizen and poor people who are also disproportionately the primary focus of child welfare The contributors to this book reveal these unjust conditions so that workers can contribute to the ongoing transformation of child welfare to facilitate child wellbeing The third edition of Walking This Path Together continues the transformative vision of the first two editions and charts a new way forward There are several new chapters and authors who focus on M tis kinship protocols family group conferencing decolonizing child welfare and the criminalization of newcomers refugee children and Indigenous youth in care They demonstrate how to bring forward transformative practices to moving child welfare into a truly new decolonial era This transformative vision is the path that we are walking

Extracting Home in the Oil Sands Clinton Westman,Tara Joly,Lena Gross,2019-12-06 The Canadian oil sands are one of the world s most important energy sources and the subject of global attention in relation to climate change and pollution This volume engages ethnographically with key issues concerning the oil sands by working from anthropological literature and beyond to explore how people struggle to make and hold on to diverse senses of home in the region The contributors draw on diverse fieldwork experiences with communities in Alberta that are affected by the oil sands industry Through a series of case studies they illuminate the complexities inherent in the entanglements of race class Indigeneity gender and ontological concerns in a regional context characterized by extreme extraction The chapters are unified in a common concern for ethnographically theorizing settler colonialism sentient landscapes and multispecies relations within a critical political ecology framework and by the prominent role that extractive industries play in shaping new relations between Indigenous Peoples the state newcomers corporations plants animals and the land

The Colonial Problem Lisa Monchalin,2016-03-08 Indigenous peoples are vastly overrepresented in the Canadian criminal justice system The Canadian government has framed this disproportionate victimization and criminalization as being an Indian problem In The Colonial Problem Lisa Monchalin challenges the myth of the Indian problem and encourages readers to view the crimes and injustices affecting Indigenous peoples from a more culturally aware position She analyzes the consequences of assimilation policies dishonoured treaty agreements manipulative legislation and systematic racism arguing that the overrepresentation of Indigenous peoples in the Canadian criminal justice system is not an Indian problem but a colonial one

Rekindling the Sacred Fire Chantal Fiola,2015-04-17 Why don t more M tis people go to traditional ceremonies How does going to ceremonies impact M tis identity In Rekindling the Sacred Fire Chantal Fiola investigates the relationship between Red River M tis ancestry Anishinaabe spirituality and identity bringing into focus the ongoing historical impacts of

colonization upon Métis relationships with spirituality on the Canadian prairies Using a methodology rooted in an Indigenous world view Fiola interviews eighteen people with Métis ancestry or an historic familial connection to the Red River Métis who participate in Anishinaabe ceremonies sharing stories about family history self identification and their relationships with Aboriginal and Eurocanadian cultures and spiritualities

It's Nation Time Jerry White, 2024-10-01 Speaking at the Congress of African People in September 1970 Amiri Baraka said In Newark when we greet each other on the streets we say what time is it We always say It's nation time Nationalism is about land and nation a way of life trying to free itself National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion Instead they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance Jerry White offers a defence of the nation based on the assumption that struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left Having evolved into something that a wide variety of actors have sought to defend nations can also serve as a defence against the homogenizing forces of globalization and as havens of diversity in opposition to more singularly minded forms of affiliation It's Nation Time is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations It includes examples as varied as Black nationalism Simone Weil's hopes for a postwar France the first independence period of Georgia the Bollywood cinema of Nehru era India and small or stateless nations such as New Zealand Quebec Ireland Catalonia the Métis the Mohawk and the Inuit to argue that nationalism is a social form that has much potential and life in it Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations It's Nation Time defends an idea of nation and a form of nationalism that are rooted in the potential for diversity flexibility and progressive politics

Daniels v. Canada Nathalie Kermaol, Chris Andersen, 2021-04-23 In Daniels v Canada the Supreme Court determined that Métis and non status Indians were Indians under section 91 24 of the Constitution Act 1867 one of a number of court victories that has powerfully shaped Métis relationships with the federal government However the decision and the case continues to reverberate far beyond its immediate policy implications Bringing together scholars and practitioners from a wide array of professional contexts this volume demonstrates the power of Supreme Court of Canada cases to directly and indirectly shape our conversations about and conceptions of what Indigeneity is what its boundaries are and what Canadians believe Indigenous peoples are owed Attention to Daniels v Canada's variegated impacts also demonstrates the extent to which the power of the courts extend and refract far deeper and into a much wider array of social arenas than we often give them credit for This volume demonstrates the importance of understanding law beyond its jurisprudential manifestations but it also points to the central importance of respecting the power of court cases in how law is carried out in a liberal nation state such as Canada

rights and freedoms In 1870 and 1885 led by the iconic Louis Riel they fought back when Canada took their lands These acts of resistance became defining moments in Canadian history with implications that reverberate to this day Western alienation Indigenous rights and the French English divide After being defeated at the Battle of Batoche in 1885 the M tis lived in hiding for twenty years But early in the twentieth century they determined to hide no more and began a long successful fight back into the Canadian consciousness The M tis people are now recognized in Canada as a distinct Indigenous nation Written by the great grandniece of Louis Riel this popular and engaging history of forgotten people tells the story up to the present era of national reconciliation with Indigenous peoples 2019 marks the 175th anniversary of Louis Riel s birthday October 22 1844
