**Critical Perspectives on Hate Crime** Amanda Haynes, Jennifer Schweppe, Seamus Taylor, 2017-05-15 This book provides a unique insight into the lived realities of hate crime in Ireland and its treatment within the criminal justice system. The significance of the Irish case is contextualised within the European and global policy contexts and an overview of hate crime in Ireland both north and south and its differential treatment in each jurisdiction's criminal justice system is offered. Presenting empirically grounded analyses of the experiences of commonly targeted identity groups in an Irish context, this study also draws upon their exposure to hate crime and challenges encountered in seeking redress. Combining theory, research and practice, this book represents legal, social, cultural and political concerns pertinent to understanding, preventing, deterring and combatting hate crime across Ireland. It incorporates a variety of perspectives on the hate crime paradigm and addresses many of the cutting edge debates arising in the field of hate studies. Contributions from Irish and international academic researchers are complemented by applied pieces authored by practitioners and policy makers actively engaged with affected communities. This is a progressive and informed text which will be of great value to activists, policy makers and scholars of hate crime and criminal justice.
