Africa Before European Domination; Forces Driving Imperialism (pages 773–775)

Why did imperialism begin in the 1800s?

In the early 1800s, Europeans controlled a few areas along the coast of Africa. By the mid-1800s, Europeans were expanding their control to new lands. This policy is called **imperialism**.

There were four basic reasons for imperialism. The first reason for imperialism had to do with money: Europeans wanted colonies to provide raw materials for their factories. The Europeans also wanted to sell their goods in their new colonies.

National pride was a second reason for imperialism. Some nations wanted to gain colonies to show their national strength.

Racism was a third reason for imperialism. Racism is the belief that one race is better than others. Many Europeans believed that whites were better than other races.
