

THE SHOW MUST GO ON

A portrait of a drag queen with voluminous, curly blonde hair. She is wearing a black, possibly sequined, dress and a large, ornate silver necklace with circular pendants. She has a bright smile and is looking directly at the camera. The background is dark with several colorful Christmas ornaments (blue, gold, green) visible.

Gruenfeld, 2020 There is so much we get wrong about power This eye opening look at the true nature of power explores who has it what it looks like and the role it plays in our lives Grounded in over two decades worth of scientific research and inspired by the popular class of the same name at Stanford's Graduate School of Business Acting with Power offers a new and eye opening paradigm that overturns everything

we thought we knew about the nature of power Although we all feel powerless sometimes we have more power than we tend to believe That s because power exists in every relationship by virtue of the roles we play in others lives But it isn t a function of status or hierarchy Rather it s about how much we are needed and the degree to which we fulfill our responsibilities Power isn t a tool for self enhancement or a resource for personal consumption It s a part you play in someone else s story We often assume that power flows to those with the loudest voice or the most commanding presence in the room But in fact true power is often much quieter and more deferential than we realize Moreover it s not just how much power we have but how we use it that determines how powerful we actually are Actors aren t the only ones who play roles for a living We all make choices about how to use the power that comes with our given circumstances We aren t always cast in the roles we desire or the ones we feel prepared to play Some of us struggle to step up and be taken more seriously while others have trouble standing back and ceding the spotlight Some of us are used to hearing we are too aggressive while others are constantly being told we are too nice Gruenfeld shows how we can all get more comfortable with power by adopting an actor s mindset We all know what it looks like to use power badly This book is about how to use power well **Richard Rodgers** Geoffrey Block,2008-10-01 Richard Rodgers was an icon of the musical theater a prolific composer whose career spanned six decades and who wrote more than a thousand songs and forty shows for the American stage In this absorbing book Geoffrey Block examines Rodgers s entire career providing rich details about the creation staging and critical reception of some of his most popular musicals Block traces Rodgers s musical education early work and the development of his musical and dramatic language He focuses on two shows by Rodgers and Hart A Connecticut Yankee and The Boys from Syracuse and two by Rodgers and Hammerstein South Pacific and Cinderella offering new insights into each one He concludes with the first serious look at the five neglected and often maligned musicals that Rodgers composed in the 1960s and 1970s after the death of Hammerstein Catalog of Copyright Entries, Third Series ,1961 Catalog of Copyright Entries Library of Congress.
