## **John Bunyan Heroes Of The Faith:**

**John Bunyan** Sam Wellman,1996-10 Describes the life of John Bunyan itinerant English Puritan preacher and author of many religious books and sermons including Pilgrim's Progress      **The Road; a Study of John Bunyan's Pilgrim's Progress** John Kelman,1970      *Commentary on John Bunyan's the Pilgrim's Progress* Robert Maguire,Charles J. Doe,2009 The notes of Rev Robert Maguire were compiled from the footnotes of John Bunyan's The Pilgrim's Progress an edition published by Cassell Petter and Galpin c 1863 This companion volume includes a short introduction to each chapter which is followed by notes comments and symbolic meanings All remarks are maintained in the same chapter and order they originally appeared Explanations of names and events add depth and richness for any reader of John Bunyan's The Pilgrim's Progress      **Psychological Science and Christian Faith** Malcolm A. Jeeves,Thomas E. Ludwig,2018-04-20 Is it possible to integrate scientific psychology with a Christian understanding of human nature Are science and religion locked in an inevitable conflict or is there an underlying harmony between these two sources of knowledge about humans This book goes to the heart of the past and present dialogue between Christianity and psychology comparing three models that have been used to describe the relationship between them Because Christianity and psychology deal with different levels of truth and speak vastly different languages efforts to unify them often create more problems than they solve What is needed is a better way to think about the relationship an approach that does justice to the emerging insights from psychological science and biblical scholarship and that can enrich our understanding of both In this volume two accomplished psychologists show how this complementary dialogue can unfold giving us a broader deeper understanding of ourselves our relationships and our place in the cosmos      *John Bunyan and Pilgrim's Progress* ,1986      **Why Science and Faith Belong Together** Malcolm A. Jeeves,2021-02-25 As we try to understand ourselves and the world we live in all too often we look first to science and then if gaps remain in our understanding we try to fill the gaps with reference to God and our faith Such a god of the gaps approach has a long history and is sadly alive and well today This book was written to provide an alternative approach posing this basic question How can educated Christians maintain their intellectual honesty and at the same time be faithful both to Scripture and to science This book provides examples of some of the liveliest science vs faith issues today and suggests ways to think constructively about each of them      **The Christian Leader** ,1929      **Heroes of the Faith** Gene Fedeale,2003 Be inspired through the life sketches of these 70 godly men and woman      **The Universalist Leader** ,1929      **The Old Book and the Old Faith Reviewed in a Series of Lectures** Robert Stuart MacArthur,1900      **The Expository Times** James Hastings,Ann Wilson Hastings,Edward Hastings,1906      **The Road** John Kelman,1911      *Faith* Theo Hobson,2014-12-05 In Faith the theologian Theo Hobson explores the notion of faith and the role it plays in our lives He unpacks the concept to ask whether faith is dependent on religion or whether it is also a general secular phenomenon In exploring this question Hobson ranges widely over theology philosophy politics and psychology and engages with the writings of Christian and atheist

thinkers alike The book begins by considering attitudes to faith in recent works of atheism Hobson shows how Richard Dawkins and other writers while attacking faith in one sense have exhibited faith in another The book goes on to explore the wider meaning of faith including our faith in free market capitalism the part faith plays in democratic politics and the role faith has in our psychological well being To understand the role of faith in modernity Hobson argues we must attend to the specifically Christian concept of faith Hobson then returns to the religious meaning of faith by exploring the account of faith in the Bible and charting the tension between faith and reason in Christian thought The final chapter takes an autobiographical turn and relates how the author came to take faith seriously and to question what Christians are meant to have faith in From the Old Testament story of Abraham to the visionary poetry of W B Yeats from the polemics of Luther to the rhetoric of Barack Obama the author presents us with a fresh and illuminating meditation on the nature of faith In doing so he reveals how trust and faith the religious and secular are utterly entwined and how the attraction of religious faith outweighs the intellectual difficulties it presents

**The Unsolved Problem** Alexander Marshall, 1924 Samuel Morris  
W. Terry Whalin, 1996 The story of an African prince who through God's intervention and guidance came to America as a student missionary *The Christian Doctrine of Faith* James Hastings, 1919 **Christ and the Christian Faith** John Cairns, 1904 **The Survey**, 1912 **The reality of faith.
