**Light for the City** Lester DeKoster, 2004 Light of the City introduces readers to a unique view of John Calvin's life and thought one that not only challenges past readings of Calvin but also seeks to reinvigorate the role of preaching as proclamation for modern civic life According to Lester DeKoster the doctrine of predestination as preached by Calvin makes building the kingdom of God rather than evangelism the sole and highest calling of Christians Calvin's indifference to missions was rooted in his understanding that predestination leaves evangelism with nothing to give away instead daily labor on behalf of God's kingdom is the central act of divine worship Calvin's preaching his Institutes of the Christian Religion and his leadership of the church and civic government in Geneva were each DeKoster maintains directed toward establishing God's kingdom on earth Furthermore Western democracy as envisioned by Thomas Jefferson and others is a direct result of such Word inspired civil government Properly understanding Scripture as a dynamic creative Agent of the City means that faithfully preaching today just as in Calvin's day will continue to dramatically evoke the City as God's kingdom on earth Lester DeKoster's style reminds me of Thomas Carlyle He takes the English language and as only a master of prose can do transforms that language into something powerful and imposing This book will prove to be an enduring monument not only in

Theodore Beza, 2015-07-19 Excerpt from The Life of John Calvin The history of the life of Calvin and of the times in which he lived should be familiar to every protestant and especially to those who venerate the man and admire the theological system which he so ably defended The odium which some would unjustly cast upon his name and memory should excite us to cherish both with increased attachment The pious and candid among his contemporaries and among his immediate successors in life appreciated his worth and delighted to honour him The good loved him the wicked hated because they feared him He was the Hercules of the Reformation a distinguished and commanding leader among the hosts of the Lord a brilliant ornament of his age and of the church of Christ Violent opposition to religious opinions is easily transferred to those who hold them or are distinguished by an able defence of them So it has fared with Calvin and for the most part with those who are called by his name at whose charge the weightiest accusations are not unfrequently laid by those who are at war with the doctrinal sentiments and therefore the character of this great Reformer But the ablest defence which either can receive is a fair exposition of both It has therefore been thought desirable to furnish such an exposition in a form and at a price suited to the habits and the means of all Calvin's Commentary on the Epistle to the Romans has just been published with this view About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *John Calvin: A Pilgrim's Life* Herman J.
