Life Orientation Question Paper Grade November 2014:

New Ergonomics Perspective Sakae Yamamoto, Masahiro Shibuya, Hiroyuki Izumi, Yuh-Chuan Shih, Chiuhsiang Joe Lin, Hyeon-Kyo Lim, 2015-01-06 New Ergonomics Perspective represents a selection of the papers presented at the 10th Pan Pacific Conference on Ergonomics PPCOE held in Tokyo Japan August 25-28 2014 The first Pan Pacific Conference on Occupational Ergonomics was held in 1990 at the University of Occupational and Environmental Health Japan The main theme of the PPCOE 1990 *Sexual Orientation, Gender Identity, and Schooling* Stephen T. Russell, Stacey S. Horn, 2016-08-18 There has been dramatic social change with respect to lesbian gay bisexual and transgender LGBT rights around the world in the last decade Yet legal protection and inclusion remain limited for LGBT youth The context of schooling is especially important schools remain the primary societal institution to which most youth have access and in which nearly all youth spend some significant portion of their lives LGBT youth are at risk for some of the greatest difficulties experienced by adolescents and many of those problems have been traced directly to negative school experiences Research shows that anti LGBT school victimization results in poor academic performance and negative school attitudes mental health and risk behaviors New studies have identified characteristics of schools that are associated with inclusion and safety for LGBT students including practices and policies that are associated with positive school climate and student wellbeing *Sexual Orientation Gender Identity and Schooling* brings together contributions from a diverse group of researchers policy analysts and education advocates from around the world to synthesize the practice and policy implications of research on sexual orientation gender identity and schooling The book is interdisciplinary as studies of LGBT students and schooling have emerged across disciplines including education clinical school and developmental psychology sociology and public health Included are syntheses of key areas of research examples of new international models for educational practice case studies of transformational policy and practice and specific examples of the nexus of research practice and policy The fundamental goal of this book is to advance social justice related to sexual orientation and gender identity through strengthening the relationship between research practice and policy to support LGBT students and schools It will be of interest to school developmental and clinical psychologists educators and school administrators and LGBT scholars *Neuro-Education and Neuro-Rehabilitation* Eduardo Martínez-Montes, Julie Chobert, Mireille Besson, 2016-11-04 In the last decade important discoveries have been made in cognitive neuroscience regarding brain plasticity and learning such as the mirror neurons system and the anatomical functional organization of perceptual cognitive and motor abilities Time has come to consider the societal impact of these findings The aim of this Research Topic of Frontiers in Psychology is to concentrate on two domains neuro education and neuro rehabilitation At the interface between neuroscience psychology and education neuro education is a new interdisciplinary emerging field that aims at developing new education programs based on results from cognitive neuroscience and psychology For instance brain based learning methods are flourishing but few have been rigorously tested

using well controlled procedures Authors of this Research Topic will present their latest findings in this domain using rigorously controlled experiments Neuro rehabilitation aims at developing new rehabilitation methods for children and adults with learning disorders Neuro rehabilitation programs can be based upon a relatively low number of patients and controls or on large clinical trials to test for the efficiency of new treatments These projects may also aim at testing the efficiency of video games and of new methods such as Trans Magnetic Stimulation TMS for therapeutic interventions in children or adolescents with learning disabilities This Research Topic will bring together neuroscientists interested in brain plasticity and the effects of training psychologists working with adults as well as with normally developing children and children with learning disabilities as well as education researchers directly confronted with the efficiency of education programs The goal for each author is to describe the state of the art in his her specific research domain and to illustrate how her his research findings can impact education in the classroom or rehabilitation of children and adolescents with learning disorders
