helping to transform you into the man God designed you to be **Books in Print Supplement** ,1985 **Protestant Spiritual Traditions, Volume Two** Frank C. Senn,2020-07-24 There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles These two volumes of Protestant Spiritual Traditions offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr and offer insights on a range of topics from the theology of the cross to physical fitness Promise Keepers and the New Masculinity Rhys H. Williams,2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike **Values, Truth, and Spiritual Danger** Edward G. Simmons,2021-09-21 In a series of ruminations Edward G Simmons brings a lifetime s experiences along with biblical and historical insights to the ethical problems faced by Christians living under the impact of President Trump Teaching values and respect for truth to college students and Christians of all varieties he sometimes lectures on the Bible and sometimes writes sermons full of conviction His combination of history science and biblical information is stimulating encouraging and often provocative for young and mature readers *Why Men Hate Going to Church* David Murrow,2011 Christianity is the only world religion with a chronic shortage of men David Murrow identifies the barriers to male participation and explains why it s so hard to motivate the men who do go to church Then he takes you inside several fast growing congregations that are winning the hearts of men and boys **Maximized Manhood** Edwin Louis Cole,2014-05-01 Pornography Adultery Television addiction Immaturity Dr Edwin Louis Cole known as the father of the Christian men s movement was not afraid to tackle the tough topics that affect men today His straightforward biblical insights help men and women alike to realize their full potential in Christ Putting the principles found in Maximized Manhood into practice will revolutionize your home and transform your life into what God designed it to be This newly revised edition of a bestselling book for men just got better **Victory Over Temptation**

Bruce Wilkinson,1998 How can we make our lives holy when we re surrounded by so much sin Part of the answer is to fill our minds with holy mature thinking In this encouraging day by day journey you ll find practical wisdom on how you can live for God and avoid the temptation of the world You ll want to read a different article each day as you move closer to personal holiness and closer to God In this book you ll find several different authors Back cover of book **Different but Equal** Kay Payne,2001-02-28 This study presents a theoretical and practical discussion of the changes that have occurred between men and women and how the sexes relate to one another from social political and ethical perspectives Not only do men and women reflect different gender roles through communication but they are also impacted by communication about gender especially from the media Gender differences in communication have gained political importance due to the increasingly relevant issues of sexual harassment and political correctness These social and political changes have influenced our value systems and have given the study of gendered communication an ethical importance Payne argues that religious ideology is an important aspect of gendered development and that biological psychological social and cultural phenomena also affect sex roles This volume will appeal to scholars and students in the communications disciplines as well as psychologists and sociologists Organized around three major themes the construction of the gendered self the differences between men and women as they relate to one another through language power and nonverbal communication and the effects of gendered communication in leadership and the media this work covers much ground on the topic of communication between the sexes
