

## **Memorandum**

**Dated:** 14 January 2023

**To:** Sales & Marketing Group

**From:** Praveenkumar Revankar, Product Engineering

**Subject:** Delay in release timelines of Feature A and Feature B.

### **Purpose:**

The purpose of this document is to notify the cross-functional group about sudden changes in release timelines of Feature A and Feature B and to reinform the group to reprioritize certain tasks for Sales and Marketing for the release.

### **Background/Context:**

We have been working together on our key USP features 'Feature A' and 'Feature B' for targeting their release this quarter. Due to unforeseen circumstances, there is a change in the release timelines and the new timeline will be shared shortly in Scrum of Scrum meeting where a representative from Sales has been invited.

### **Action:**

Even though it looks like a major setback and current activities w.r.t. The release can be paused, there are certain actions that have to be performed in this quarter. The same has been conveyed in Jira, marking the work items with labels "Q1\_Paused" and "Q1\_Must." Please reprioritize your internal activities based on the labels in Jira and ensure a final plan reflected in Jira on or before 30 January 2023.

### **Conclusion:**

We might be delayed with the release but we are not affecting the business. The necessary strategy is defined and put in place to ensure customers can solve their problems using our support until Feature A and Feature B release.

Thanks,  
Praveenkumar Revankar

*A Thousand Cuts* Alexandros Kentikelenis, Thomas Stubbs, 2023 The dominant policy response to economic crises over the past four decades has been the introduction of austerity a mix of budget cuts and reforms to downsize the role of the state In *A Thousand Cuts* Alexandros Kentikelenis and Thomas Stubbs examine the activities of the world's leading advocate of austerity the International Monetary Fund As one of the first systematic assessments of the impact of austerity on people's lives around the world *A Thousand Cuts* makes an important contribution to the continuing debate on how to foster social protection in light of economic crises and IMF mandated policy reforms *Australia's Human Rights Scrutiny Regime* Adam Fletcher, 2018-09-17 In 2010 the Australian Government decided that it would not propose a Human Rights Act despite the relevant recommendation of the 2008-09 National Human Rights Consultation Instead it introduced a Human Rights Framework comprising several measures to enhance human rights protection including the Human Rights Parliamentary Scrutiny Act 2011 The scrutiny regime under that Act was designed to ensure rights would be given due consideration before Commonwealth legislation was passed The Act created a unique bipartite dialogue system involving a formal interchange on rights compatibility between the executive and Parliament while excluding the courts This set the Commonwealth apart from jurisdictions such as the ACT Victoria New Zealand and the UK which have statutory rights instruments administered by their courts The book presents a detailed study of all aspects of the scrutiny regime and compares the regime with its closest counterparts overseas In assessing the regime's impact it argues that a system in which the executive and Parliament are responsible both for protecting rights and for remedying rights breaches is neither more legitimate nor more effective than one involving all three branches of government Accordingly it calls for strengthening reforms **The Internal Revenue Service's Processing of 501(c)(3) and 501(c)(4) Applications for Tax-exempt Status Submitted by "political Advocacy" Organizations from 2010-2013** United States. Committee on Transportation and Housing, 2014 Investing in the Health and Well-Being of Young Adults National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on Improving the Health, Safety, and Well-Being of Young Adults, 2015-01-27 Young adulthood ages approximately 18 to 26 is a critical period of development with long lasting implications for a person's economic security health and well being Young adults are key contributors to the nation's workforce and military services and since many are parents to the healthy development of the next generation Although millennials have received attention in the popular media in recent years young adults are too rarely treated as a distinct population in policy programs and research Instead they are often grouped with adolescents or more often with all

adults Currently the nation is experiencing economic restructuring widening inequality a rapidly rising ratio of older adults and an increasingly diverse population The possible transformative effects of these features make focus on young adults especially important A systematic approach to understanding and responding to the unique circumstances and needs of today's young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society at large Investing in The Health and Well Being of Young Adults describes what is meant by the term young adulthood who young adults are what they are doing and what they need This study recommends actions that nonprofit programs and federal state and local agencies can take to help young adults make a successful transition from adolescence to adulthood According to this report young adults should be considered as a separate group from adolescents and older adults Investing in The Health and Well Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce development systems that are more closely tied to high demand economic sectors will help this age group achieve greater opportunity and success The report also discusses the health status of young adults and makes recommendations to develop evidence based practices for young adults for medical and behavioral health including preventions What happens during the young adult years has profound implications for the rest of the life course and the stability and progress of society at large depends on how any cohort of young adults fares as a whole Investing in The Health and Well Being of Young Adults will provide a roadmap to improving outcomes for this age group as they transition from adolescence to adulthood

*Specialized Administrative Law of the European Union* Herwig C. H. Hofmann, Gerard C. Rowe, Alexander H. Türk, 2018-11-30 This volume deals with the law governing the administrative implementation of European Union public policy Much of this law is specific to individual policy sectors The volume provides a study of such specialized administrative law for more than twenty sectors This cross sectoral approach allows for detailed comparisons of EU administration in diverse policy fields It identifies situations where legal structures and approaches may be unnecessarily duplicated thus indicating where a comprehensive general system could be advantageous for both Union law and policy achievement The comparative nature of the study also draws attention to policy fields which have proven to be testing grounds for approaches adopted subsequently in other areas In addition the work highlights the distinctive highly networked and strongly cooperative character of EU administration as a reflection of and a foundation for the operative nature of the European Union as a whole
