Grading Justice Kristen C. Blinne, 2021-01-11 In *Grading Justice* Teacher Activist Approaches to Assessment new and seasoned teachers are invited to engage with socially just approaches of assessment including practices aimed at resisting and undoing grading and assessment altogether to create more democratic grading practices and policies foregrounding the transformative potential of communication within their courses The contributions in this collection encourage readers to consider not only how educators might assess social justice work in and beyond the classroom but also to imagine what a social justice approach to grading and assessment would mean for intervening into unjust modes of teaching and learning Educators wishing to explore critical modes of grading and assessment grounded in social justice will find this book a timely and relevant pedagogical guide for their teaching and scholarship *If Einstein Ran the Schools* Thomas Armstrong
