Tribing and Untribing the Archive Carolyn Hamilton, Nessa Leibhammer, 2016 These volumes track how the domain of the tribal and traditional was marked out and came to be sharply distinguished from modernity how it was denied a changing history and an archive and was endowed instead with a timeless culture These volumes also offer strategies for engaging with the materials differently from the interventions effected in contemporary artworks to the inserting of nameless timeless objects of material culture into histories of individualized and politicized experience Publisher s description
