MARKS: 100

This memorandum consists of 12 pages.

Memorandum History Paper 1 September 2014

JE Gale

Memorandum History Paper 1 September 2014:

Crimea, Global Rivalry, and the Vengeance of History Hall Gardner, 2016-04-30 Gardner examines the causes and consequences of Russia's annexation of Crimea. By analyzing alliance formations and the consequences of other annexations in world history, the book urges an alternative US NATO European Japanese strategy toward both Russia and China in the effort to prevent a renewed arms race if not global war.

Deutsche Bank: The Global Hausbank, 1870 - 2020 Werner Plumpe, Alexander Nützenadel, Catherine Schenk, 2020-03-05 A comprehensive history of one of the major players in the world of international finance. Over the course of its 150 year history, Deutsche Bank has established itself as a major player in the world of international finance but has also been confronted by numerous challenges that have changed the face of Europe from two world wars to the rise and subsequent fall of communism. In this major work on the bank's history, Werner Plumpe, Alexander Nützenadel, and Catherine R. Schenk deliver a vibrant account of the measures the bank undertook in order to address the profound upheavals of the period as well as the diverse and unusual demands it had to face. These included the First World War which brought the world's first period of globalization to a sudden and dramatic end but also the development of the predominantly national framework within which the bank had to operate from 1914 until the fall of the Berlin Wall in 1989. More recently, the focus has shifted back to European and global activities with Deutsche Bank forging new paths into the Anglo American capital markets business so opening another extraordinary chapter for the bank.

The Routledge History of Genocide Cathie Carmichael, Richard C. Maguire, 2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine episodes of extreme violence that could be interpreted as genocidal. Approaching the subject in a sensitive, inclusive, and respectful way, each chapter is a newly commissioned piece covering a range of opinions and perspectives. The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire, Stalin and the Soviet Union, Iron Age warfare, genocide and religion, Japanese military brutality during the Second World War, heritage and how we remember the past. The volume is global in scope, something of increasing importance in the study of genocide. Presenting genocide as an extremely diverse phenomenon, this book is a wide-ranging and in-depth view of the field that will be valuable for all those interested in the historical context of genocide.

Ukraine Over the Edge Gordon M. Hahn, 2018-02-08 The Ukrainian crisis that dominated headlines in fall 2013 was decades in the making. Two great schisms shaped events: one within Ukraine, its western and southeastern parts divided along cultural and political lines; the other was driven by geopolitical factors. Competition between Russia and the West exacerbated Ukraine's divisions. This study focuses on the historical background and complex causality of the crisis from the rise of mass demonstrations on Kiev's Maidan Nezalezhnosti (Independence Square) to the making of the post-revolt regime. In the context of a new cold war, the author sheds light on the role of radical Ukrainian nationalists and neofascists in the February 2014 snipers massacre, the ouster of President Viktor Yanukovich, and Russia's seizure of Crimea.

and involvement in the civil war in the eastern region of Donbass The Failure of the Voice Referendum and the Future of Australian Democracy Gabrielle Appleby, Megan Davis, 2026-01-13 Australia and Australians stood at a crossroads in October 2023 Before them lay a new and more accommodating way to practice democracy a future in which First Nations people were given a representative voice in political decisions in this country After months of a referendum campaign struggling over foundational ideals and questions of national identity misinformation disinformation and racism the proposal was overwhelmingly rejected in every Australian state and nationally The referendum campaign was Australia's first since the failed attempt at a republic in 1999 The political and media environment in which the referendum campaign would unfold was fundamentally changed These changes included the growth of social media growing distrust of major political parties and the rise of fake news and populist politics This book brings together a diverse set of perspectives to explore the many and complex political social and historical factors that influenced the conduct of the campaign and led to the loss It includes contributions from lawyers political scientists historians human rights experts health policy experts land rights campaigners and Indigenous affairs policy experts The contributors in this book include First Nations and non Indigenous authors often writing collaboratively The majority of the views offered based in expertise and experience are those of First Nations Their writings place the referendum loss in the context of political failure and attempts at structural reform and Australia's terrible record at amending the Constitution through referendums The book traces the legal and political development of the draft constitutional provision and the influence of legal risk on the campaign A major focus of the book is the impact of misinformation and disinformation which was rife during the campaign and media reporting of it The role that civil society and corporate Australia played in the campaign is considered The Voice campaign will be placed in the context of Aboriginal and Torres Strait Islander politics and previous attempts at representation The book will also place the call for Voice in the context of its ongoing relevance and imperative in Aboriginal and Torres Strait Islander affairs explaining the power of representation the Voice as an expression of sovereignty and the need for Voice to pursue other structural reforms such as treaty and to realise the promise of land rights The book concludes by reflecting on the role that history played in the campaign and the implications of the campaign for the practice of Australian history The book holds lessons for future constitutional change Indigenous recognition structural reform and Australia's democracy It also looks with constructive pragmatism at the future direction of First Nations structural reform in Australia and the practice of democracy

Economics for People and the Planet James Boyce, 2019-01-16 Economics for People and the Planet a collection of essays by James K Boyce on the environment inequality and the economy argues that there is not an inexorable trade off between advancing human well being and having a clean and safe environment The goal of economic policy should be to grow the good things that improve our well being and environmental quality and reduce the bad things that harm humans and nature To reorient the economy for these ends we will need to achieve a more egalitarian distribution of wealth and power Global

climate change the most pressing environmental challenge of our time adds urgency to this task and creates historic opportunities for moving towards a greener future The audiobook version of Economics for People and the Planet features new chapters on the Green New Deal and the environmental costs of inequality Foreword by Manuel Pastor
