Russia: Most demand response to annexation of Georgia by restoring Russia's entry into **World Trade Organization**, restricting Russia from **OECD**—group of eight highly industrialized nations in any possible landmark admission of Georgia and Ukraine into **NATO**

Iran: Escalate economic sanctions, refuse to rule out military action to prevent Iran from building nuclear weapons

Iraq: Complete military involvement too late for withdrawal of U.S. troops

Israel and Palestine: Continue America's long-standing support for Israel, support construction of West Bank separation wall

Americas: Address Bush administration's Iraq, Colombia and Mexico initiative to fight drug and violence. Reduce existing U.S. burdens with Haiti, illegal immigrants in U.S. should be put on path toward citizenship

Globalization: Obama committed to **NAFTA**—North American Free Trade Agreement. Engage in policy efforts to reduce trade barriers, support-driven growth in ways to create jobs, protect and development of labor

Oil shocks: U.S. can cut offshore drilling for oil and gas. Build 40 new nuclear power plants to create energy conservation is "a smart national goal"

POLL OF POLLS

Russia: Obama would have been elected by successfully working with Russia, Washington and Moscow meet group organizers to avoid creating possibility of future conflict

Iran: Obama would engage leaders without preconditions—former's "aggressive personal diplomacy" and tough sanctions as primary means to prevent nuclear arms race

Iraq: Withdraw U.S. troops within 18 months, sending some of those troops to Afghanistan

Israel and Palestine: President U.S. can't force Palestinian government. Backs former's decision not to negotiate with Hamas

Americas: Improve Free Partnership for the Americas to help common standards of democracy, security and poverty relief in both U.S. and rest of Western Hemisphere. Fight to secure citizenship for undocumented workers

Globalization: Move to negotiate **NAFTA**, support Central American Trade Agreement. Continue leading trade agreements to ensure Americans have largest benefits for American workers, not just for corporate profits

Oil shocks: Plans to end U.S. imports on imported oil within 10 years by tapping oil stocks, developing hybrid cars and renewable energy sources

Climate change: Will lead global effort to combat climate change with 80% cut in U.S. greenhouse gas emissions by 2050

Mccain Obama Issues Guide:

Religion, Race, and Barack Obama's New Democratic Pluralism Gastón Espinosa, 2013 Annotation This edited volume demonstrates how Obama charted a new course for Democrats by staking out claims among moderate conservative faith communities and emerged victorious in the presidential contest in part by promoting a new Democratic racial ethnic and religious pluralism

A Field Guide to the Culture Wars Michael McGough, 2008-12-23 Like any realignment in politics the Democratic takeover of Congress in the 2006 midterm elections inspired a raft of instant analyses One take on the results that is surely wrong is that the change in control of Congress and the spike in Democratic hopes for the 2008 presidential race mark an end to the culture wars that conventional wisdom blamed or credited for George W Bush's re election in 2004 This book sets the stage for a new consideration of the contemporary culture wars by examining their antecedents from the Scopes trial to Prohibition to the controversy over the Supreme Court's desegregation and school prayer rulings to loyalty oath battles of the 1950s to the pre Roe v Wade campaign to liberalize abortion laws Even during times of supposed conformism Americans have been presented with competing claims about what sort of culture this is and how and to what extent government should reflect and police values The author covers such topics as same sex marriage stem cell research intelligent design and other hot button issues that are debated not just between the religious and secular but more and more among the ranks of the religious themselves where a religious left has emerged to counter arguments from the religious right Anyone interested in the intersection of religion and politics in the rise of the so called moral majority and in the current state of affairs with regard to values and public life in America will gain a better understanding from reading this book
