Glantz, Jonathan Mallory House, 1995 By the time Pearl Harbour had ripped apart America s peacetime pretensions the German blitzkrieg had already blasted the Red Army back to the gates of Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the German army and shattered Hitler s imperial designs **World War II in Europe** David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and

Glantz, David Clantz, 2005

**Colossus Reborn** David M. Glantz, 2005 Beyond the battles themselves Glantz also presents an in depth portrait of the Red Army as an evolving military institution Assessing more clearly than ever before the army s size strength and force structure he provides keen insights into its doctrine strategy tactics weaponry training officer corps and political leadership In the process he puts a human face on the Red Army s commanders and soldiers including women and those who served in units security NKVD engineer railroad auto transport construction and penal forces that have till now remained poorly understood BOOK JACKET      Our Century, 1940-1950 Gareth Stevens Publishing, Prescott Hill, 1993 Presents a journalistic overview of the fifth decade of the twentieth century in newspaper style articles      Our Century: 1940 - 1950, 1950

Magazine style presentation of historic events from 1900 1990 Each issue presents one decade      Chronicle of War Duncan Hill, 2009 Drawing from the gigantic photo archive of Associated Newspapers this book chronicles the military conflicts of the last century in striking images most never before seen and text      **Lives of Hitler's Jewish Soldiers** Bryan Mark Rigg, 2009 They were foot soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler s infamous race laws Pursuing the thread he first unraveled in Hitler s Jewish Soldiers Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual

s experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members. Their stories reveal the constant tension in their lives: how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers, including Field Marshal Erhard Milch, three-star general Helmut Wilberg, and naval commander Bernhard Rogge. Chilling, compelling, almost beyond belief, these stories depict crises of conscience under the most stressful circumstances. *Lives of Hitler's Jewish Soldiers* deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II. **Soviet Intelligence and Security Services: 1964-70**
