Richard Armitage as Thorin Oakenshield and Benedict Cumberbatch as Smaug as well as several actors who will reprise their roles from The Lord of the Rings including Ian McKellen Andy Serkis Hugo Weaving Cate Blanchett Christopher Lee Ian Holm Elijah Wood and Orlando Bloom Del Toro and Jackson considered the sudden introduction to Bard the Bowman and Bilbo being unconscious during the Battle of Five Armies to be less cinematic moments reminiscent of the novel's more fairy tale world than The Lord of the Rings which they would change to make The Hobbit feel more like the trilogy While del Toro initially wanted Ian Holm to reprise the role of Bilbo Baggins he also said that he absolutely supported the casting of Martin Freeman as the character and wanted all other returning Lord of the Rings characters to be played by the original actors where possible When Guillermo del Toro was set to direct he had stated that a video game if it was to be made would not be released to tie in with The Hobbit film but rather after their release There is absolutely nothing that isn't thoroughly covered in the book It is straightforward and does an excellent job of explaining all about The Hobbit film series in key topics and material There is no reason to invest in any other materials to learn about The Hobbit film series You'll understand it all
