School of Racism Catherine Larochelle, 2023-11-17 Exposing the history of racism in Canada's classrooms Winner of the prestigious Clio Quebec Lionel Groulx and Canadian History of Education Association awards In *School of Racism* Catherine Larochelle demonstrates how Quebec's school system has from its inception and for decades taught and endorsed colonial domination and racism This English translation extends its crucial lesson to readers worldwide bridging English and French Canadian histories to deliver a better understanding of Canada's past and present identity Guided by postcolonial antiracist and feminist theories and methodologies Larochelle examines late nineteenth and early twentieth century classroom materials used in Quebec's public and private schools Many of these materials made their way into curricula across the country and contained textual and visual representations that constructed Indigenous Black Arab and Asian peoples as the Other while reinforcing the collective identity of Quebec and Canada more broadly as white *School of Racism* uncovers the ways Canada's education system has supported and sustained ideologies of white supremacy ideologies so deeply embedded that they still linger in school texts and programming today Offering insights into how concepts of nationalism and racism overlap Larochelle's innovative analysis helps educators confront discrimination in their classrooms and furthers discussions about race and colonialism in Canada

The Colonial Legacy in France Nicolas Bancel, Pascal Blanchard, Dominic Thomas, 2017-05-01 Debates about the legacy of colonialism in France are not new but they have taken on new urgency in the wake of recent terrorist attacks Responding to acts of religious and racial violence in 2005 2010 and 2015 and beyond the essays in this volume pit French ideals against government sponsored revisionist decrees that have exacerbated tensions complicated the process of establishing and recording national memory and triggered divisive debates on what it means to identify as French As they document the checkered legacy of French colonialism the contributors raise questions about France and the contemporary role of Islam the banlieues immigration race history pedagogy and the future of the Republic This innovative volume reconsiders the cultural economic political and social realities facing global French citizens today and includes contributions by Achille Mbembe Benjamin Stora Françoise Vergès Alec Hargreaves Elsa Dorlin and Alain

Mabanckou among others

Climates of Migration Dominic Thomas, 2025-10-14 Climate and migration provide the organizational pillars and the plural climates in the title accentuates the figurative non literal sense to signify the atmosphere that is attached to anxiety disinformation fear and violence Competing narratives and storytelling mechanisms conjointly operate over a longer history of colonial conquest and remain present in the mind sets informing the afterlives of empire as evidenced in debates on identity politics nationalism environmental racial and social justice The broad transregional Africa the Caribbean Europe and transdisciplinary framework privileges comparative analysis between various disciplines and fields notably migration studies environmental humanities eco feminism nationalism and decolonial and postcolonial studies while adopting multigenre approaches that include a diversity of perspectives from literature media discourse art propaganda

visual culture and new technologies Together these challenge the criminalizing debasing and often dehumanizing logic associated with official policymaking and propose instead alternative forms of humanization and identification aimed at fostering modes of empathy

Climates of Migration explores various forms of environmental exploitation and degradation especially in African literatures where the thematic transformations that have resulted from engagement with environmental ecocide have contributed to a revitalization of writing

Planetary climate change and the accompanying disruption to the global ecosystem is traced to European territorial conquest and expansion and subsequently mapped onto the contemporary institutional European Union and political discourses that are structuring our present while also enabling unforeseen forms of planetary consciousness

[Visualizing Empire](#) Rebecca Peabody, Steven Nelson, Dominic Thomas, 2021-01-19 An exploration of how an official French visual culture normalized France's colonial project and exposed citizens and subjects to racialized ideas of life in the empire

By the end of World War I having fortified its colonial holdings in the Caribbean Latin America Africa the Indian Ocean and Asia France had expanded its dominion to the four corners of the earth This volume examines how an official French visual culture normalized the country's colonial project and exposed citizens and subjects alike to racialized ideas of life in the empire

Essays analyze aspects of colonialism through investigations into the art popular literature material culture film and exhibitions that represented celebrated or were created for France's colonies across the seas These studies draw from the rich documents and media photographs albums postcards maps posters advertisements and children's games related to the nineteenth and twentieth century French empire that are held in the Getty Research Institute's Association Connaissance de l'histoire de l'Afrique contemporaine ACHAC collections

L'école du racisme Catherine Larochelle, 2021-11-08T12:15:00-05:00 Outil de socialisation

l'école est aussi une fenêtre sur le monde et un lieu d'apprentissage stéréotypes et préjugés compris Dans cet ouvrage l'autrice postule que l'école au Québec tant francophone qu'anglophone a des buts et pendant des décennies enseigné et cautionné la domination coloniale et le racisme Elle relate la façon dont les figures de l'Autre ont été construites par une variété de discours selon différentes caractéristiques culturelles ou corporelles et la façon dont elles ont occupé diverses fonctions dans la formation de l'identité collective de l'élève qu'il soit blanc et civilisé

L'ouvrage montre bien comment l'altérité construite mise en scène et racontée par l'institution scolaire qu'il soit du XIXe siècle a été un outil pédagogique privilégié

En plus d'examiner le champ narratif du faire croire et du discours imposé de la représentation il analyse les contours de l'appropriation des figures de l'altérité par les élèves du Québec

Quelles conceptions de l'Autre produites par quelles idéologies l'école transmet-elle Quelles fonctions créatives et pédagogiques ont-elles remplies Par la variété des thèmes abordés et des sources consultées ce livre appuyé par un grand nombre d'illustrations contribue de façon remarquable au débat sur le racisme ainsi qu'à la recherche de solutions dans les rapports entre la majorité blanche et les différents groupes racisés au Québec
