Les Chroniques De Player One Pika:

Les Chroniques de Player One Olivier Richard, Alain Kahn, 2010-02-17 Il y a vingt ans naissait Player One le premier magazine d'Europe dédié aux consoles de jeux vidéo. Le succès remporté à la fin des années 1980 par les consoles 8 bits annonce de la sortie de la Mega Drive de Sega et du Game Boy de Nintendo décident l'équipe de lancer Player One en septembre 1990. Dans son premier numéro il intègre le jeu vidéo dans une vision panoramique de l'entertainment où se bousculent films, bandes dessinées, séries TV, manga et bien sûr jeux. Le succès est instantané. Les joueurs se reconnaissent dans le ton, les tests, l'esprit et la rédaction du magazine. Vingt ans après le jeu vidéo n'est plus si lourd que les industries du cinéma et de la musique réunies. Les Chroniques de Player One raconte l'histoire de ces années passionnantes et de ses acteurs. *Service Games: The Rise and Fall of SEGA* Sam Pettus, David Munoz, Kevin Williams, Ivan Barroso, 2013-12-20 Starting with its humble beginnings in the 1950s and ending with its swan song the Dreamcast in the early 2000s this is the complete history of Sega as a console maker. Before home computers and video game consoles, before the internet and social networking and before motion controls and smartphones there was Sega. Destined to fade into obscurity over time, Sega would help revolutionize and change video games, computers and how we interact with them and the internet as we know it. Riding the cutting edge of technology at every step only to rise too close to the sun and plummet, Sega would eventually change the face of entertainment but it's the story of how it got there that's all the fun. So take a ride, experience history and enjoy learning about one of the greatest and most influential companies of all time. Complete with system specifications, feature and marketing descriptions, unusual factoids, almost 300 images and now enhanced Europe specific details, exclusive interviews and more, make this the definitive history of Sega available. Read and learn about the company that holds a special place in every gamer's heart. Funded on Kickstarter. **La bande dessinée** Éric Maigret, Matteo Stefanelli, 2012-02-22 De Tintin à Titeuf, d'Astérix à Asterios Polyp, de Superman à L'Association et Death Note, que nous dit enfin la bande dessinée sur elle-même ? Au sortir d'un siècle de pollinisations croisées entre cultures nationales, de transformations chrysalidiques et de pluralisation authentique, je suis un autre. C'est bien la formule rimbaldeenne qui s'impose : je ne suis pas cet ensemble d'histoires destinées à un public d'enfants ou d'adolescents auquel vous me destiniez, je ne suis pas une combinaison de textes et de dessins enfermés dans des cases rectangulaires alignées, je n'ai pas de naissance simple et encore moins d'essence ultime. S'il faut le dire avec force, c'est que nous sortons, peines de deux discours prédominants sur la bande dessinée : l'un d'abord, une forme dégradée de Culture ; l'autre, apologique et militant, dont le prix à payer est une nouvelle essentialisation du médium qui mimait parfois les positions des dénonciateurs en les inversant. Pour rompre avec ces discours hâtifs du siècle passé et finalement assez séduisants, cet ouvrage aborde une troisième voie constructiviste. Il refuse la limitation identitaire de la bande dessinée et propose une ouverture du champ des possibles. Elle est proposée ici par des auteurs qui ne partagent pas toujours les mêmes opinions et les mêmes ancrages théoriques, mais qui croient en la diversification et en la richesse explosive d'une constellation.
