the European settlement of the 1800s and to the use of the land by the Norwegian Air Force during World War II The book takes readers on a journey through the various stages related to the development of the camp first established in 1974 The book is built on a collection of stories related to mentorship sports psychology and community building as well as interviews of past campers coaches and others with a longtime association with Olympia With this book author Chris Dooley honours Dave Grace and the many others who have been integral to the history of the camp and its land The Path to Wholeness
