Saikaku IHARA, Ivan Ira Esmé MORRIS, 1964 The Life of an Amorous Woman Saikaku Ihara, 1964 The Life of an Amorous Woman, and Other Writings Saikaku Ihara, Ivan Morris, 1963 **New Seeds of Profit** Mark S. Ferrara, 2019-04-19 When Captain Christopher Newport and his crew landed on the muddy banks of the James River in 1607 after four months at sea they aimed to establish a new colony not for God or the greater good of humanity but for the sake of profit The Pilgrims who settled in Cape Cod in 1620 as agents of Plymouth Company found evidence of divine election in the fortunes they accumulated from a lucrative system of town founding in the New World The innovative and often ruthless entrepreneurs who followed these colonists carved out the immense North American frontier wilderness from the Atlantic Ocean to the golden sands of the California coast and they forged industrial and technological revolutions that shook the world New Seeds of Profit examines the role of business leaders from George Washington to Donald Trump in shaping the United States into a business nation unlike any other in world history By tracing the influence of industry and commerce on American society through portraits of successful entrepreneurs this book sheds light on the esteemed place Americans reserve for their wealthiest business leaders and it measures the true cost of that adulation by demonstrating how enterprise driven solely by the bottom line imperils people and the environment In a story teeming with the heroes and villains of enterprise New Seeds of Profit offers an innovative business model that provides meaningful work to employees and socially responsible returns to investors while encouraging sustainable stewardship of the earth and advancing the common good *Paper, Ink, and Achievement* Kevin L. Cope, Cedric D. Reverand II, 2020-10-16 During his forty two years as president of AMS Press Gabriel Hornstein quietly sponsored and stimulated the revival of long eighteenth century studies Whether by reanimating long running research publications by creating scholarly journals or by converting daring ideas into lauded books Gabe initiated a golden age of Enlightenment scholarship This understated publishing magnate created a global audience for a research specialty that many scholars dismissed as antiquarianism Paper Ink and Achievement finds in the career of this impresario a vantage point on the modern study of the Enlightenment An introduction discusses Hornstein s life and achievements revealing the breadth of his influence on our understanding of the early days of modernity Three sets of essays open perspectives on the business of long eighteenth century studies on the role of publishers printers and bibliophiles in manufacturing cultural legacies on authors
