The building has a unique, slightly curved top. In the background, other city buildings and lights are visible under a dark blue sky with some light clouds. 168 Hours Laura Vanderkam,2011-05-31 It s an unquestioned truth of modern life we are starved for time We tell ourselves we d like to read more get to the gym regularly try new hobbies and accomplish all kinds of goals But then we give up because there just aren t enough hours to do it all Or if we don t make excuses we make sacrifices taking time out from other things in order to fit it all in There has to be a better way and Laura Vanderkam has found one After interviewing dozens of successful happy people she realized that they allocate their time differently than most of us Instead of letting the daily grind crowd out the important stuff they start by making sure there s time for the important stuff When plans go wrong and they run out of time only their lesser priorities suffer Vanderkam shows that with a little examination and prioritizing you ll find it is possible to sleep eight hours a night exercise five days a week take piano lessons and write a novel without giving up quality time for work family and other things that really matter Prof.Izhar,2015-08-09 **The Hindu Index** ,2006
