Urban Health and Planning in the 21st Century: Bridging Across the Formal and Informal Using an Eco-Social Lens Ritu Priya, Jose Siri, John Porter, Carolyn Stephens, Unnikrishnan Payyappallimana , Mathew George, Sayan Das, 2024-03-22 Modern urban planning emerged in response to public health challenges in the post industrial revolution period in Europe It has since evolved through the colonial and post colonial phases of the 19th and 20th centuries with international national and local specificities In the 21st century human societies are rapidly urbanizing even in LMICs where half or more of the population still live in rural areas Therefore public policies that shape the nature of urbanization and urban habitats will become ever more critical to human and planetary health and wellbeing

Peace of Mind for Your Aging Parents Kenneth O. Doyle Ph.D., Larry K. Houk JD, 2018-06-21 Explains the most effective ways to discuss the legal and financial responsibilities that come with the end of life and tools for managing them such as wills trusts estate planning and cash management in the context of financial psychology Dying is complicated It presents myriad challenges at a time when people are least prepared to deal with complexity Typically aging people turn to their adult children and grandchildren their caregivers and their professional advisors to guide them in their final years This book is aimed directly at the children and grandchildren of aging parents to prepare them for meaningful conversations with their parents and among themselves It gives them the tools they need to

communicate knowledgeably with caregivers and professional advisors and to make important decisions with or on behalf of those who depend on them The authors provide legal and financial tools and techniques including wills and trusts cash management and investment planning approaching each from both a financial and a psychological perspective They recognize that some of the challenges that people face during their last few years of life cannot be controlled and describe not only what these tools and techniques can do but also what they can't Those that cannot be controlled however can still be managed and the authors explain with clarity and compassion how to deal with them through psychological and spiritual engagement
