The Politics of Knowledge in the Biomedical Sciences

Jonathan Jansen, Jess Auerbach, 2023-11-06 In the wake of the decolonization movement in South Africa and around the world this edited work presents fresh evidence and advances new arguments on the politics and economics of colonial biomedical knowledge in South Africa and other parts of the African continent Covering a richly diverse set of fields including human genetics obstetrics occupational therapy medical photography and the vaccine sciences the book demonstrates the troubled histories and the enduring effects of imperial knowledge decades since the end of colonial rule and apartheid This is a valuable text on the politics of the biomedical sciences written from the perspective of the African continent and at the same time it revisits knowledge power relationships between the majority global South and minority global north words in a historical perspective and in their contemporary expression in the disciplines The immediate benefit is a reference resource for medical science researchers and a teaching text for senior undergraduate and postgraduate students The book is further composed as an accessible readable and interesting text on politics and medicine in Africa for the discerning lay reader

African Perspectives on the Teaching and Learning of English in Higher Education

Alexandra Esimaje, Bertus van Rooy, 'Demola Jolayemi, Daniel Nkemleke, Ernest Klu, 2023-05-23 This book brings together the work of African scholars and educators directly involved in initiatives to improve the teaching and learning of English in higher education across Africa Offering alternative perspectives across different African countries with examples of decolonised practice in research the book provides a critical discussion and examples of successful practice in the teaching of English in Africa Each chapter of the book reports on a specific context and a specific teaching and or learning initiative in higher education with emphasis on comparability of information and on clear evaluation and critical analysis of the intervention The editors offer a thoughtful comparison of different methods strategies and results to provide an authoritative reference to effective strategies for English teaching and learning The book paints a cohesive picture of the field of English language teaching in Africa and will be of great interest to researchers scholars and postgraduate students in the areas of applied linguistics English teaching and comparative education *Education as the Driving Force of Equity for the Marginalized* Boivin, Jacquelynne

Anne, Pacheco-Guffrey, Heather, 2022-01-14 In the USA racism is the most widespread root of oppression Black people in America specifically have suffered from centuries of discrimination and still struggle to receive the same privileges as their white peers In other countries however there are other groups that face similar struggles Discrimination and oppression based on religion ethnicity socio economic status political affiliation and caste are just a few categories However education is a root for widespread societal change making it essential that educators and systems of education enact the changes that need to occur to achieve equity for the groups being oppressed Education as the Driving Force of Equity for the Marginalized highlights international research from the past decade about the role education is playing in the disruption and dismantling

of perpetuated systems of oppression This research presents the context ideas and mechanics behind impactful efforts to dismantle systems of oppression Covering topics such as teacher preparation gender inequality and social justice this work is essential for teachers policymakers college students education faculty researchers administrators professors and academicians

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa
