

The background of the entire image is a close-up photograph of a person, likely a medical professional, wearing a white lab coat and blue nitrile gloves. They are holding a glass petri dish with their left hand and using a glass pipette with their right hand to add a clear liquid to the center of the dish. The person's face is partially visible at the top, looking down at the work. The overall scene is brightly lit, suggesting a clinical or laboratory setting.
