Demanding Images Karen Strassler, 2020-03-20 The end of authoritarian rule in 1998 ushered in an exhilarating but unsettled period of democratization in Indonesia A more open political climate converged with a rapidly changing media landscape yielding a vibrant and volatile public sphere within which Indonesians grappled with the possibilities and limits of democracy amid entrenched corruption state violence and rising forms of intolerance In *Demanding Images* Karen Strassler theorizes image events as political processes in which publicly circulating images become the material ground of struggles over the nation's past present and future Considering photographs posters contemporary art graffiti selfies memes and other visual media she argues that people increasingly engage with politics through acts of making circulating manipulating and scrutinizing images *Demanding Images* is both a closely observed account of Indonesia's turbulent democratic transition and a globally salient analysis of the work of images in the era of digital media and neoliberal democracy Strassler reveals politics today to be an unruly enterprise profoundly shaped by the affective and evidentiary force of images
