The Real Indian Idols SUMAN CHHABRIA ADDEPALLI, SHARADHA JAYARAMAN, 2025-11-05 They built empires quietly not for headlines but for a nation still finding its feet In an age where visibility is often mistaken for value The Real Indian Idols shares the stories of ten business leaders who shaped Indian industry with resilience and a nation first mindset Without seeking the spotlight or monetary gain they built institutions mentored generations and left behind values that still hold true These are not just histories retold they are blue prints of service led leadership carved by legends whose shoulders we stand on We hope this book finds a home in your heart like stories whispered by a grandparent becoming half memory half prophecy May it spark a flame soft steady and stubborn The kind that doesn't chase the wind but warms every room it enters And when you turn the last page may one quiet question stay with you When your story is told what will it stand for

A Million Cars For A Billion People Gautam Sen, 27-02-15 Can one car transform a nation The Ford Model T did do so a century ago when it replaced the horse brought about a revolution in agriculture became a stimulus to urbanization that eventually changed the landscape of America Though the Maruti 800 the Tata Indica the Hyundai Santro and the Maruti Alto became engines of growth for India these cars neither drove away the cow nor changed the way Indians travelled Tata's Nano was expected to change all that and become the ultimate people's car capturing the imagination of the middle class across nations and cultures In spite of its petite dimensions the Nano was meant to stand tall Yet it did not What caused it to fail and fall from grace despite being lauded as the right product at the right time and the most significant new car since the Ford Model T was introduced 100 years ago But is it really all over or is there still hope for India's little wonder What will the people's cars of tomorrow be like A Million Cars for a Billion People delves into the questions concerns and doubts as well as the many misconceptions and myths that have gathered momentum over the years about India's automotive history and the industry's mission to create a true people's car The very first cars that came to India the early beginnings of the industry the nascent history of the automobile across nations like Germany France US the UK Italy Japan and South Korea is narrated
