Maths Paul Broadbent, 2010-10 Complete coverage of the KS2 Maths curriculum is provided in this accessible revision guide Your child can prepare for in school assessments and test with confidence The engaging characters motivate children to test their knowledge and improve their understanding of the topics covered in school

Rethinking and Reviving Subject English Pete Bennett, Louise Lambert, Rob Smith, 2022-09-27 This book invites readers to engage with the rich and complex debates of contemporary English education outlining new possibilities to revive the teaching of English Bringing together diverse voices and insights from educators in English across the primary secondary further and higher education phases the book offers reflections and critical engagement with the lived experiences of English teachers and pupils in contemporary educational spaces Each chapter includes example vignettes from classrooms which tell something of the story of English teaching today The book considers how politics and policy have worked to close the opportunities of the English classroom for self expression and critical engagement with the world a murder The authors then offer an exploration of the opportunities for a re imagining of English the murmurs of teachers and pupils that resist such closures The chapters explore new thinking new practices and new possibilities for English classrooms as inclusive emancipatory critical and creative spaces Offering a thoughtful and hopeful dialogue from practising English teacher researchers the book will be essential reading for researchers and students of English language and literature education as well as trainee teachers of English

New Words, New Meanings: Supporting the Vocabulary Transition from Primary to Secondary School Alice Deignan, Marcus Jones, 2024-12-05 When pupils move from primary to secondary school and start to study subjects in a more specialist way they have to learn new and unfamiliar disciplinary languages in each of the numerous subjects in their timetable These new languages include new ways of presenting ideas and hundreds even thousands of new words as well as new meanings of words they think they already know Based on a major research project this book explains the nature of the language challenge students face in early secondary school and shows teachers how they can make the language of their

subject less daunting and more accessible for all students Chapters explore the language of the classroom at Key Stage 2 and Key Stage 3 using written and spoken language data from everyday classrooms Including subject specific word lists and contextual examples for English maths science history and geography chapters cover How language use is shaped by topic context relationships and purpose The language features of early secondary school Key principles for selecting vocabulary to teach Supporting pupils with disciplinary grammar and style Ensuring a whole school approach to language issues Full of practical tips to make the language of curriculums less daunting and more accessible for all students making the transition from primary to secondary school this book will be valuable reading for teachers educational support staff and school leaders working with children in late primary and early secondary school **The Times Index** ,2008 Indexes the Times and its supplements **English Association Newsletter** ,2004 **International Perspectives on Educational Reform and Policy Implementation** David S. G. Carter,Marnie H. O'Neill,1995 The change process is described in this text examining the historical social and economic influences on educational policy reform The three themes covered in this volume are politics and educational reform politics into policy and policy implementation and educational reform phenomena *Black and Ethnic Minority Achievement in Schools* Feyisa Demie,2025-03-31 This eminently timely volume explores the successful practice and effective intervention strategies in schools to drive school improvement and close the achievement gap for Black and minority ethnic students Representing a seminal publication in the literature this book collates 20 years of original research into race achievement and educational equality in schools in England to find out what s really working in education and identify the key areas for improvement Looking at leading issues such as the curriculum school exclusions and language barriers chapters focus on the lived experiences of headteachers teachers parents pupils and other school staff obtained through focus groups and interviews Presenting longitudinal evidence from school surveys and the National Pupil Database the book considers The scale of the achievement gap and educational inequality The barriers to learning for Black and ethnic minorities The experience of raising achievement in successful multicultural schools Strategies and success factors to drive improvement in schools Targeted intervention to tackle inequality The international experience to close the achievement gap Lessons learned from successful schools to inform policy and practice Ultimately tackling educational inequality head on the book demonstrates concrete strategies for how to close the achievement gap for Black and ethnic minority students and will therefore be essential reading for academics policymakers and school staff involved with multicultural education education policy and politics and school improvement and effectiveness as well as race and ethnicity studies more broadly

Planning National Curriculum Assessment in History Teaching for Key Stage 3 Robert Medley,Historical Association (Great Britain),1992 *Struggle* ,1993 *Third validation compendium report* Great Britain: National Audit Office,2006-12-19 In 2004 the Government announced 110 Public Service Agreement PSA targets for 17 Departments covering the period 2005 08 PSA targets express the priority outcomes that Departments are seeking to achieve nationally

and internationally and cover key aspects of the Government's social economic and environmental policy. Large sums of public money are devoted to the programmes designed to deliver them. This NAO report contains the detailed results of its examination of the data systems used by six government departments to monitor and report progress against their 2005-08 PSA targets covering a total of 65 data systems. The six Departments are the Cabinet Office, the Department for Culture, Media and Sport, the Department for Education and Skills, the Department for the Environment, Food and Rural Affairs, the Ministry of Defence and HM Treasury. Findings include that 75 per cent of the data systems used are broadly appropriate but less than half of these were fully fit for purpose. Most required some action to strengthen measurement or reporting arrangements. A companion volume HCP 127 I session 2006-07 ISBN 0102944040 is available separately which contains the NAO's summarised findings.
