Les Hommes Dans Les Mouvements Féministes:

Les hommes dans les mouvements féministes: socio-histoire d'un engagement improbable Alban Jacquemart, 2015

Les hommes dans les mouvements féministes français (1870-2010) Alban Jacquemart (politiste.), 2011 Cette thèse prend pour objet un militantisme statistiquement minoritaire et socialement improbable l'engagement des hommes dans les mouvements féministes en France depuis leur émergence politique à l'aube de la Troisième République jusqu'à la période contemporaine 1870-2010. Partir d'entretiens biographiques avec des militants et de sources d'archives diversifiées elle se propose d'analyser ces engagements à la lumière de la sociologie du genre et de la sociologie du militantisme. En mobilisant la notion de carrière militante ce travail montre que le militantisme féministe des hommes se saisit partir de l'articulation de dispositions individuelles d'expériences de socialisation de positions dans des réseaux et de contextes organisationnels. L'analyse permet alors de distinguer deux principales modalités d'engagement des hommes dans des collectifs féministes le registre humaniste qui fonde les revendications au nom d'un individu universel et le registre identitaire mobilisé partir d'un refus des assignations de genre. Dans l'un et l'autre cas l'engagement des hommes n'est possible qu'au prix d'une appropriation du féminisme comme un mouvement d'indépendance de la seule expérience des femmes. Cette thèse contribue ainsi à la compréhension du sujet politique du féminisme mais aussi plus largement du sujet politique des mobilisations identitaires.
