## Les Crimes Sexuels:

*Les Crimes Sexuels Internationaux comme Thème de Justice Pénale* Morten Bergsmo, 2011-08-18      *European Data Collection on Sexual Offences Against Minors* Gert Vermeulen, Fleur Dhont, Arne Dormaels, 2001

The fight against the sexual exploitation of and trade in children has gained particular and renewed international attention in the last few years and has become one of the most important concerns in the context of international law enforcement policy and cooperation. Since 1998 policy makers have come up with new legal initiatives at global as well as regional levels in order to tackle this problem in a more effective and coordinated way. This proves that the time has come to match words and actions and to come up with concrete and useful tools for law enforcement services and NGO's active in the areas concerned. The current study therefore examines the feasibility of the further elaboration and implementation of recommendations from a previous project 96 STOP 003 regarding the systematic gathering and administration of data concerning missing minors, minor victims of trafficking in or sexual exploitation of children and perpetrators of sexual offences against minors with the goal to further prepare the practical setting up of several international databases with immediate relevance to the police and the prosecuting or investigating magistrates or officials both in the EU Member States and the candidate countries. It is recommended to give Interpol a mandate to host an international database on missing persons and to create an EU monitoring centre responsible for the gathering and administration of reliable statistics and legal information on sexual exploitation of children and trafficking in human beings. It is also recommended for Interpol to host an international reference database on child pornography and to set up an analysis intelligence child porn database at Europol. Regarding suspected and convicted sex offenders it is proposed to create a database on pending investigations, an EU criminal records database and a database at Europol containing encoded information on both suspected and convicted offenders of sexual offences against children. Finally it is suggested to create a European network of national DNA databases. The book also contains a summary of the conclusions in French.

**Processus de réhabilitation des auteurs de violences sexuelles** André Ciavaldini, 2022-05-03

La prise en charge psychiatrique des auteurs de violences sexuelles s'inscrit dans le cadre de la loi du 17 juin 1998 relative à la prévention et à la répression des infractions sexuelles et à la protection des mineurs et s'appuie sur les CRIA-VS. Après un premier ouvrage sur la psychopathologie des agresseurs sexuels et en tenant compte des recherches et évaluations menées depuis, l'auteur développe la notion de réhabilitation ou d'assistance, c'est-à-dire ce qui aide la personne à quitter la voie de la délinquance selon un modèle psychodynamique. Il s'agit d'appréhender la complexité qui conduit l'acte délinquant comme tentative de survie psychique et d'utiliser cette compréhension pour forger des dispositifs favorables à la réhabilitation subjective de son auteur, qui ne peut être qu'un des volets efficaces de la réhabilitation globale. On interviendra de multiples partenaires judiciaires pénitentiaires thérapeutiques. Après les rappels théoriques et cliniques nécessaires, l'ouvrage développe l'approfondissement thérapeutique psychodynamique et l'aménagement des cadres institutionnels d'accueil en articulation avec le judiciaire, celui

ci faisant partie intégrante du soin La troisième partie centrée sur le concept de réhabilitation explique l'intégration des dispositifs thérapeutiques individuels dans l'environnement social et présente le travail en réseau mis en œuvre dans plusieurs départements pour les auteurs de violences sexuelles sous injonction pénale de soins La place spécifique du thérapeute est ensuite envisagée au sein de ce réseau pluridisciplinaire qui associe le médical le social et le juridique Cet ouvrage s'adresse aux psychiatres aux psychologues mais aussi aux magistrats et aux accompagnants du champ social Pouvoir Et Poursuite
