Finances publiques Eric Devaux, 2002

Les finances publiques Michel Lascombe, Xavier Vandendriessche, 2006

Finances de l'Etat finances sociales finances locales finances européennes les finances publiques sont souvent considérées comme une matière barbare et en tout cas complexe. À l'heure de la mise en œuvre complète de la nouvelle Constitution financière de l'Etat loi organique du 1er août 2001 de la prise en compte par notre Constitution de l'autonomie financière des collectivités territoriales révision du 25 mars 2003 et de l'importance accrue de la discipline budgétaire européenne les finances publiques apparaissent de plus en plus comme l'élément central de la forme de l'Etat. Intégrant l'ensemble de ces derniers développements et notamment les données financières les plus récentes projet de loi de finances 2007 cet ouvrage présente les principes procédurales et règles qui gouvernent les finances publiques de notre pays. Il révèle aussi certaines curiosités d'un droit financier qui s'éloigne parfois des règles de base du droit public. Plus généralement il examine la répartition effective des rôles entre les différents acteurs concernés Parlement ministères différentes juridictions et synthétise la pratique effective du droit public financier. Parallèlement les prises de position parfois critiques des auteurs invitent une réflexion sur l'évolution même du droit public financier. Ce débat n'intéresse pas que les juristes mais concerne également les citoyens. Les étudiants et candidats aux concours trouveront naturellement en ce livre un auxiliaire précieux **finances publiques (Les). 9e éd.**
