Les Francedilais Jihadistes:

, Your Sons Are at Your Service Aaron Y. Zelin, 2020-02-11 Tunisia became one of the largest sources of foreign fighters for the Islamic State even though the country stands out as a democratic bright spot of the Arab uprisings and despite the fact that it had very little history of terrorist violence within its borders prior to 2011 In Your Sons Are at Your Service Aaron Y Zelin uncovers the longer history of Tunisian involvement in the jihadi movement and offers an in depth examination of the reasons why so many Tunisians became drawn to jihadism following the 2011 revolution Zelin highlights the longer term causes that affected jihadi recruitment in Tunisia including the prior history of Tunisians joining jihadi organizations and playing key roles in far flung parts of the world over the past four decades He contends that the jihadi group Ansar al Sharia in Tunisia was able to take advantage of the universal prisoner amnesty increased openness and the lack of governmental policy toward it after the revolution In turn this provided space for greater recruitment and subsequent mobilization to fight abroad once the Tunisian government cracked down on the group in 2013 Zelin marshals cutting edge empirical findings extensive primary source research and on the ground fieldwork including a variety of documents in Arabic going as far back as the 1980s and interviews with Ansar al Sharia members and Tunisian fighters returning from Syria The first book on the history of the Tunisian jihadi movement Your Sons Are at Your Service is a meticulously researched account that challenges simplified views of jihadism s appeal and success Islam and the Governing of Muslims in France Frank Peter, 2021-01-28 Will Islam be able to adapt to France s secularity and its strict separation of public and private spheres Can France accommodate Muslims In this book Frank Peter argues that the debate about Islam and Muslims is not simply caused by ignorance or Islamophobia Rather it is an integral part of how secularism is reasoned Islam and the Governing of Muslims in France shows that understanding religion as separate from other aspects of life such as politics economy and culture disregards the ways religion has operated and been managed in secular societies such as France This book uncovers the varying rationalities of the secular that have developed over the past few decades in France to govern Islam in order to examine how Muslims engage with the secular regime and contribute to its transformation This book offers a close analysis of French secularism as it has been debated by Islamic intellectuals and activists from the 1990s until the present It will influence the study of secularism as well as the study of Islam in the French Republic and reveal new connections between Islamic traditions and secular rationalities **Radicalized Loyalties** Fabien Truong, 2018-06-11 There is widespread concern today about the radicalization of young muslim men and the deprived areas of Western cities are believed to have become breeding grounds of home grown extremism But how do young Muslims growing up in the cities of the West really live This book takes us beyond the rhetoric and into the housing estates on the outskirts of Paris to meet Adama Radouane Hassan Tarik Marley and a shadowy figure whose name suddenly and brutally became known to the world at the time of the Charlie Hebdo shootings Am dy Coulibaly Seeing Am dy through the eyes of close friends and other young Muslim men in the

neighbourhoods where they grew up Fabien Truong uncovers a network of competing loyalties and maps the road these youths take to resolve the conflicts they face becoming Muslim For these young men Islam stands often alone as a resource a gateway as if it were the last route to escape without betrayal and to fight in a meaningful and noble way Becoming Muslim does not necessarily lead to the radicalized other It is more like a long distance race a powerful reconversion of the self that allows for introspection and change But it can also lead to a belligerent presentation of the self that transforms a dead end into a call to arms

Radicalized Peter R. Neumann, 2016-09-30 The attacks in Paris in January and November 2015 heralded the beginning of a new wave of terrorism one rooted in the ongoing conflict in Syria and Iraq As ISIS seeks to expand its reach in the Middle East its territory serves as a base for training and operations for a new generation of jihadis Thousands of young people from the West primarily from Europe have travelled to join ISIS re emerging as hardened fighters with military training and a network of international contacts Many of these have now returned to their homelands where it is feared they are planning a new series of brutal attacks Peter R Neumann here explains the phenomenon of the new jihadis and shows why the threat of terrorism in the West is greater than ever before Based on interviews and previously unseen material Neumann provides an essential introduction to one of the greatest crises of our time *Les Français jihadistes* David Thomson, 2014-03-06 Ce livre raconte l histoire des petits soldats du jihad fran ais ces adolescents qui ont appris l islam jihadiste sur Internet loin des mosqu es et l insu de leurs parents Au d but de 2014 selon les chiffres officiels 700 Fran ais ont rejoint la Syrie souvent en famille 250 sont au combat Une vingtaine sont morts dont trois en r alisant une op ration suicide Les plus d termin s d entre eux disent vouloir revenir un jour frapper le sol fran ais *Nomadic Peoples* ,1997 **La Nation ou le Chaos** Jacques Myard, 2014-11-15 Notre pays est il condamn voir cro tre jour apr s jour le nombre de ch meurs et de ceux qui partent tenter ailleurs leur chance Jusqu quand acceptera t il de laisser Bruxelles et l Am rique le soin de d cider sa place Faut il jeter la Nation aux orties L auteur d masque derri re les maux de la France les renoncements les pi ges et les chim res qui de l euro la repentance lac rent notre pacte social Il appelle un renouveau qui partira d une Nation fi re et confiante en ses atouts **Europe's Ghost** Michael Radu, 2009 In Europe s Ghost Michael Radu reveals that Europe s identity crisis does not lie in past or present racism or in a variety of largely invented or anachronistic crimes but in the self inflicted renunciation of national traditions in favor of multiculturalism In fact most European elites see jihadism as nothing but a peculiar form of criminality due to the social and economic problems inside Europe rather than what it is a peculiar form of warfare rooted in cultural developments imported from the Muslim world The truth Radu offers is that most Muslims in most European countries see themselves as visitors rather than as citizens of Europe Thus the British media s outcry over the phenomenon of British born Muslim terrorists murdering fellow Britons is dangerously misplaced *Les fabriques du jihad* Jean-Luc Marret, 2005 Aucun livre ne s tait essay jusqu pr sent r unir les analyses de sp cialistes fran ais et trangers issus d horizons divers s curit relations internationales d veloppement sur les r seaux jihadistes internationaux Voici donc une

Qu'il s'agisse du micro-financement et des liens avec la criminalité de la logistique et de l'armement des modes d'action de la question fondamentale des armes de destruction massive nucléaires, radiologiques, biologiques et chimiques, du recrutement des terroristes dans le monde arabo-musulman ou le Caucase voire dans l'Afrique subsaharienne mais aussi en occident Américains Français Britanniques Allemands les fabriques du jihad semblent l'ignorer et fourniront pendant de nombreuses années encore des militants opérationnels. La solution long terme semble donc résider dans un mélange d'anti-terrorisme policier et de prévention pour remettre en cause les raisons profondes, car structurelles, de cette violence aux dimensions planétaires. *Le terrorisme au nom du jihad* Philippe Migaux, 2009. *Pour en finir avec la repentance coloniale* Daniel Lefeuvre, 2006. Professeur d'histoire Paris VIII spécialiste de l'Algérie coloniale, l'auteur propose sources et chiffres, l'appui d'un bilan humain, politique et militaire de l'histoire coloniale française. Refusant les visions par trop positives de la colonisation comme les requêtes des repentants, il entend s'appuyer sur les outils de l'historien. **Terrorisme au Sahel** Sékou

Doumbia, 2022-10-06. S'il y a une interrogation qui traverse avec constance la science de la résolution des conflits en Afrique et spécifiquement au Mali, c'est bien celle de la sortie de crise par la mise en route du dialogue avec les djihadistes. Pour lutter contre le terrorisme et l'extrémisme violent, trois stratégies ont été privilégiées par l'état du Mali et ses partenaires : la guerre, la démocratie et le développement. Seulement, face à l'incapacité de la répression et de la paix démocratique à radiquer le terrorisme et l'arrêt du développement, assés les racines du conflit, de nombreuses voix se sont levées pour réclamer l'ouverture d'un dialogue. Cette option sera entendue le 3 décembre 2020 par le gouvernement de transition d'où les questions suivantes : Un tel dialogue constitue-t-il un gage de retour à la paix ? Est-il un moyen efficace pour radiquer le terrorisme au Mali ? Quelles doivent être les conditions pour négocier avec lesdits groupes ? Cet ouvrage tente d'y répondre, partant d'une sociohistoire des crises au Mali, la lutte contre le terrorisme et les processus de sortie de crise dans ce pays. **Questions internationales**, 2015.

Le point de vue de l'auteur. Le 17 décembre 2010, un jeune tunisien se sacrifie par le feu, marquant par ce geste tragique le début des révolutions arabes. Tel un tsunami, ces révolutions ont déclenché un raz de marée humain du Golfe à l'Océan. Personne en Occident ne s'attendait à un tel bouleversement, surtout en un temps aussi rapide et pour des régimes aussi solides en apparence. La surprise a donc été la mesure de la méconnaissance d'un monde vu et jugé suivant des grilles de lecture occidentales. Comment décrypter ces événements exceptionnels qui chamboulent la donne géopolitique du monde entier ? Dans *Le choc des révolutions arabes*, l'auteur explore pour chacun des vingt-deux pays de la Ligue arabe les événements récents, il analyse les rapports de force entre les tribus, les islamistes et les militaires, donnant les clés des dynamiques en œuvre dans chaque pays.
