PLACES ET LES CHANCES. REPENSER LA JUSTICE SOCIALE (LES). ,2010 *Les Places et les Chances. Repenser la justice sociale* François Dubet,2014-10-25T00:00:00+02:00 Il y a deux manières de concevoir la justice sociale La première l'égalité des places vise à réduire les inégalités entre les différentes positions sociales La seconde l'égalité des chances cherche à permettre aux individus d'atteindre les meilleures positions au terme d'une compétition quitable Aujourd'hui en France comme ailleurs cette dernière conception tend à devenir hégémonique Mais si elle répond au désir d'autonomie des individus l'égalité des chances s'accommode de l'existence et même du développement des inégalités Contre l'air du temps François Dubet plaide en faveur du modèle des places celui-ci combat résolument les inégalités et accroît la cohésion de la société En montrant comment on peut promouvoir la justice sociale sans tout sacrifier la compétition méritocratique ce brillant essai ouvre la reconstruction intellectuelle de la gauche François Dubet est professeur de sociologie à l'université de Bordeaux II et directeur d'études à l'EHESS Il a récemment publié au Seuil *La Cole des chances* 2004 *Injustices* 2006 et *Le Travail des sociétés* 2009

Where Has Social Justice Gone? Emmanuelle Barozet,Ivan Sainsaulieu,Régis Cortesero,David Mélo,2022-07-01 This book uses survey data in hot spots around the globe to analyse various models of social justice particularly the principle of equality from a pragmatic perspective Starting with ordinary actors social movements and concrete contexts the authors question foundations of social and political democracy in our times They focus on how social actors deal with the principles of justice and judgments of justice at work and in their social lives The book suggests that the increase in social inequalities in recent decades contrasts with the blurring of the aims of social justice At a time when the reconsideration of politics largely depends on its relevance to and aspirations for social justice the authors of this book question contemporary developments by illustrating its variety according to specific historical institutional social and organizational contexts The book will be useful to students and scholars in the social sciences especially those interested in moral questions regarding social justice from an empirical and practical point of view **Identity, Justice and Resistance in the Neoliberal City** Gülçin Erdi,Yıldırım

Şentürk,2017-08-31 This book details the current neoliberal restructuring of cities and its impact on the rise and spread of resistance and uprisings in different cities throughout the world Through close ethnographic study the authors illuminate the strategies adopted for everyday life that have evolved in response to the neoliberal managing of cities by which the city is shaped by market forces rather than by the needs of its inhabitants In the light of many urban movements uprisings and forms of resistance observed in such diverse countries as Brazil Turkey the USA Greece and Spain since the Arab uprising of 2011 this collection makes an original contribution to urban sociology and social geography by developing a spatial approach to understanding how the city shapes identities and perceptions of justice This innovative volume will be of interest to readers across the social sciences *International Perspectives on Gender and Higher Education* Christine Fontanini,K.M. Joshi,Saeed Paivandi,2020-11-26 Despite improved access to higher education for women the distribution of women and men

varies considerably between fields of study The chapters in this edited collection explore the participation status of women in higher education across the varying socio economic and sociological backgrounds observed in different countries and regions

Young Migrants and Plurilingualism in Schools Fiona Smythe, 2024-10-14 In many parts of the world there is a growing interest in how existing linguistic knowledge is involved in the acquisition of further languages in particular how learning the language of schooling can be improved through inclusion of students home languages This theme gathers around it a rich international network of multilingual researchers interested in promoting the benefits of bilingual and plurilingual education the recognition of linguistic and cultural diversity in schools and strategies for supporting young migrants to succeed in schools Young Migrants and Plurilingualism in Schools A Comparative Study of Language Diversity within Education Systems in France and Aotearoa New Zealand presents findings from the author s Ph D study carried out during 2017 2019 with young migrants and their teachers in France and New Zealand These findings provide evidence for plurilingual learning spaces as improving student participation interaction sense of wellbeing and social cohesion all elements of democratic coexistence in culturally and linguistically diverse societies
