Droz - on the Progressive Unification of Private International Law** Georges Droz, Alegría Borrás, Andreas Bucher, Michel Verwilghen, Teun Struycken, 1996-06-07 The unification of Private International Law is a goal to which all the contributors to this impressive volume have committed themselves and one which seems increasingly to attract the attention of legal practitioners researchers writers and legislators The essays give a unique overview of the current state of the law with respect to those areas which have been unified or which are susceptible to unification Insights are given into national as well as international practice and theoretical aspects have not been neglected *Les Droit civil. Régimes matrimoniaux. 7e éd.* François Terré, Philippe Simler, 2015-07-07 Le droit des régimes matrimoniaux a pour vocation d'embrasser l'ensemble des rapports personnels des couples mariés ou non mariés entre eux et avec les tiers Les régimes matrimoniaux sont divers et

Droit International de L'environnement, Droit Humanitaire International, Droit International Privé A. C. Kiss, 1995 This is the Seventh volume of the Hague Yearbook of International Law which succeeds the Yearbook of the Association of Attenders and Alumni of the Hague Academy of International Law. The title Hague Yearbook of International Law reflects the close ties which have always existed between the AAA and the City of The Hague with its international law institutions and indicates the editors' intention to devote attention to developments taking place in those international law institutions viz the International Court of Justice the International Criminal Tribunal for the Former Yugoslavia the Permanent Court of Arbitration the Iran United States Claims Tribunal and the Hague Conference on Private International Law. The Hague Yearbook contains in depth articles on these developments and summaries of aspects of decisions rendered by the International Court of Justice the Permanent Court of Arbitration and the Iran United States Claims Tribunal. This volume also contains the papers of the Regional AAA Congress held in Siena Italy in May 1994.

Régimes matrimoniaux Nathalie Peterka, 2008 Les régimes matrimoniaux ont pour objet les relations pécuniaires des époux entre eux et avec les tiers. Si le Code civil laisse aux époux une marge de manœuvre importante dans le choix de leur régime matrimonial il les soumet de manière impérative des règles d'ordre public composant le régime primaire. Après un exposé des règles applicables aux couples non mariés concubinage et PACS cet Hypercours étudie successivement le régime primaire le régime légal de communauté applicable aux couples mariés sans contrat de mariage puis les régimes conventionnels. II aborde la matière selon une double approche un cours théorique sur les principes gouvernant la matière d'une part des compléments pédagogiques la fin de chaque chapitre qui permettent une vérification et une mise en application des acquis ainsi qu'une préparation aux examens d'autre part. Cet ouvrage s'adresse aux étudiants de master 1 en droit.
