Narrative essay about life-changing experience

How Coming to America Changed my Life

Stepping in the American land has not only given me a new perceptive about exploring my potentials but also given me the opportunities I need to make a difference in my life. While staying in the United States I have learnt that the country has all favorable aspects that can help an individual in pursuit for a better life especially when a person would like to build a good character. Apparently, the country's economic, social and political status gives a favorable condition for personal empowerment and consequently creating a better future for everyone. From the first day I stepped in the country, I quickly noted that most of Americans live in a true spirit where every citizen focuses on acquiring and utilizing all the opportunities in life for the upgrading of their living standards, the future generation and above all making America great.

Seemingly, the American people are brought together by love and thus making the country the most friendly place for residence. The love for the country and its people clearly make a person to embrace peace at any given time. The social life in the U.S comes with a lot of lessons which not only applies to the immigrants and visitors but also the future American population. Contemporarily, the citizens allude to various historic events such as America's struggle to eradicate communism during the world war and its involvement in facing out slavery. Remarkably, the country was named to be a free world because of its exemplary efforts in championing for democracy and fight against communism which is manifested in the current times. I have observed how the citizens have learnt to love and support each other despite the social class, ethnicity or even nationality. The involvement and the maintenance of the historic titles inspire me on the importance of creating a strong foundation by finding some of the past events that I can use for self-development.

Essay about life-changing experience

Coming to America has also enlightened me on the need to have a dream and the necessary steps to achieve the goal. Outwardly, most of the citizen in the country lives to achieve the American Dream where it is expected to have patriotic people who have equal opportunities for success. The hard work and relentless determination to achieve the dream is evident among the citizens since most of inventors come up with new ideas and willingly share them to others for the improvement of the society. For instance, most of the financially able people invest on new ideas and talents which show how much they value each other's well-being. Therefore, the efforts of achieving the dream give me courage of setting new goals and striving to make the dreams a reality. Just like the American Dream has been achieved my dreams also have the potential of becoming real.

Above all, coming to America has taught me on the need to embrace original culture and lifestyle. I love the U.S for its hyphenation where all cultures are welcomed and a person does not have to give up their identity to become American. The diversity created by the co-existence of immigrants, ex-slaves and various indigenous groups show how the country's policies are flexible to fit anyone.

Life Changing Experience Paper:

Prison - the Key to Stay Free L. Nelson McAlexander, 2011-12-05 Chris was there and witnessed my transformation into a much more dynamic person than I had ever been in my entire life After experiencing this transformation seeing me in such a good mood all the time and noticing how focused I was Chris asked me if he could read my fathers book I told him I didnt think hed be very interested in it and that there was more to it than just reading the book I explained a little bit about it and was greatly surprised that he still wanted to read it Truthfully I didnt take him seriously at all I figured he would skim through the book and more than likely hed hand it back to me the same day and tell me he was good on that After just one month Chris was not Chris anymore at least not the same person I had come to know for the past four years He had completely transformed into a very new and improved Chris right before my very eyes much like I must have done as he watched my transformation He was much more mature in touch with his spirituality and most noticeably he was thinking and acting instead of feeling and reacting That was about seven months ago and to see Chris get angry now is a very rare occurrence Now even when something happens that rubs him the wrong way its no big deal because hes able to react calmly and think things through Chris sees the bigger picture now and realizes what is really important isnt behind these prison walls He now realizes that whats most important is whats happening out there with our families and loved ones in the free world Now we both understand and immensely appreciate the fact that The Key to Stay Free empowers us and gives our lives more meaning than weve ever had before Now we are confident that we can create a life worth living once we are released from prison Now we without doubt know we will no longer be sacrificial pawns and that we can and will be kings in the game of life
