Life Begins At Seventy:

70 The Dawn of New Beginning Pastor Kennedy Nnokam, 2019-12-02 70 The Dawn of New Beginning is about the thirteen year journey of Joseph's suffering from being a prisoner until he became the prime minister of Egypt. It is about twenty five years of Abraham's walk with God before the birth of Isaac from bareness to fruitfulness. It is about the nation of Israel when Jerusalem is finally recognized as the capital of Israel. This book is about new beginning of and commissioning of some truths worth knowing by the believer and unbelievers alike. When unbelievers give their lives to the Lord it is a new beginning for them. There are some significant truths marked by the ages 20 40 50 70 80 120 that specify certain noticeable milestones in the ongoing life of believers. For example biblical age for emancipation is twenty purpose driven is at age forty an established life at fifty and new beginnings at seventy. Israel turning seventy was marked by Jerusalem declared as the capital city by the United States. Josephus Daniels Joseph L. Morrison, 2012-06-01 This first full length biography documents the strong family ties and loyalties that shaped Daniels's character and demonstrates the extent to which his religion bred not only the merry puritanism but also the moral courage that figured in his career and in his personal life. There is ample evidence to show that in spite of dire forecasts of disaster he succeeded where his critics insisted that he must fail. His was a triumph of temperament over inexperience of character over qualifications. He makes the case that the church must do three things in the 21st century: 1. Add a mid sized group of seventy that can organize and supervise church planting expansion. 2. make Christ the presence power and purpose of existing and future small groups and 3. establish friendship triads of two or three as the contagious factor for making disciples and reaching unbelievers. Beckham gives a five step strategy through which a church up and down the spectrum from a mini church mega church cell church or a church plant can by using Jesus groups of 3 12 70 experience New Testament expansion rather than just growing or maintaining in a building. THE "BOOMERS" ARE COMING Jerry Rhoads, 2012-12-10 The foundation of democracy is the pursuit of the Greater Good. As a country we pursue what is good for most of the people most of the time. But that is not our approach for the care of our elderly. Of the 330 million people in America 77 million are baby boomers. In the next 10 years a staggering majority of them turned 60. Even though it would be for the Greater Good of America there are no provisions for taking care of these aging lives. There are only time bombs. Currently there are 2.3 million falls per year among the elderly in nursing homes. There will be 80 million per year when the baby boomers come of nursing home age. On the average baby boomers will have 4 to 5 chronic illnesses by the

time they are 65 that equates to 350 million chronic conditions 77 million families will be impacted by the disabilities and chronic conditions imposed on them by aging baby boomers 77 million households are not equipped and never will be to handle chronic illnesses and dependent lives 77 trillion dollars will be imposed annually on the budgets of State and Federal Governments to care for the aging boomers The 46 million uninsured will become 100 million as the baby boomers become retirement age and unemployed There are currently 1 7 million nursing home patients in 18 000 nursing homes and 4 million assisted living residents in 23 000 assisted living facilities We will need 12 times as many nursing homes and 15 times as many assisted living facilities to handle the 77 million baby boomers in a supportive setting 2 million physicians 2 million nurses 7 500 hospitals and 750 000 other health professionals cannot handle the needs of 77 million aging baby boomers But they do want their share of the health care dollars Making the radical change from health maintenance to prevention and health preservation would serve the greater good and make more Medicare money available On top of these time bombs we have 77 million high expectations If we are expecting these 77 million baby boomers to just accept nursing homes and assisted living as they are think again They tend to be dependent on others for their approach to health care and generally are not staying healthy nor are they schooled on preserving their health and do not pay more for poor health Compounding this their health care providers are not schooled in detecting cause or in pursuing measurable outcomes But they are paid regardless of results

The Simple Shift Chris Helder, 2020-03-24 Reframe challenges as opportunities not obstacles There is a mountain of hype around positive thinking But have you noticed that positive thinking doesn't well work That's because positivity is just an emotion and at the end of the day it doesn't change the reality of the situations we face The Simple Shift turns positive thinking on its head and transforms it into something practical a way of adopting beliefs that can change the way you see reality and make major obstacles into easily resolvable issues This book helps you develop the self awareness to know when and how your thoughts are holding you back Instead of just trying to ignore negative thoughts or pretend that problems don't exist why not actually change them using useful thinking Control your perception and start to turn your life around with The Simple Shift Overcome life's obstacles by transforming the way you perceive problems Discover why what's true doesn't matter as much as what's useful Triumph when times are tough by adopting a simple shift in thinking Uncover the valuable lessons you've already learned by overcoming past challenges This book provides a clear and practical path for retraining your brain to see opportunities rather than obstacles It's not about putting on rose coloured glasses and pretending that problems don't exist Rather you can choose to train your mindset towards what is useful guiding you to better outcomes in life love and work
