RadTool Nuclear Medicine MCQs Medhat Sam Gabriel, Bital Savir-Baruch, 2021-09-20 This book in MCQ format is a comprehensive tool that will help Nuclear Medicine and Radiology residents and attending physicians to understand concepts in nuclear medicine Questions cover clinical applications of nuclear medicine techniques to the cardiovascular pulmonary endocrine skeletal gastrointestinal genitourinary and central nervous systems In addition topics in physics radiopharmacy and radiation safety are addressed The MCQ format closely resembles that used in board examinations in nuclear medicine Each question has four possible answers only one of which is correct About 60% of the questions are linked to clinical cases with each case having four questions on average along with one or two images The remainder of the questions are free standing with or without an image Answers are concise but are supported by references to the literature when necessary Pearls in boxes are used to highlight the most important pieces of information While the questions are scrambled as in board exams an index categorizes each question into one of the systems or topics

MCQs in Clinical Radiology James R. G. Bell, 2003 There are very few radiology multiple choice question books on the market that reflect the current trends and developments in the field of imaging Hence the emphasis of this book is on cross sectional CT and MR imaging It highlights the current understanding and concepts in the state of the art imaging of a wide range of diseases in the body The multiple choice questions are organised according to body systems and imaging modalities There are twelve sections in the book testing the reader in a broad range of imaging knowledge The questions are accompanied by expanded answers which provide the reader with a summary of the key facts relating to a particular topic This is especially useful in assisting the reader in consolidating his or her understanding of the subject The questions are devised in a format similar to those encountered in the Part 2A examination of the Royal College of Radiologists UK and the Part 2 examinations of the Joint Australian and New Zealand College of Radiology Candidates taking the American Radiology Board examinations will
