*Barbecue Crossroads* Robb Walsh, 2013-06-06 In stories, recipes, and photographs, James Beard Award-winning writer Robb Walsh and acclaimed documentary photographer O. Rufus Lovett take us on a barbecue odyssey from East Texas to the Carolinas and back. In *Barbecue Crossroads*, we meet the pitmasters who still use old-fashioned wood-fired pits, and we sample some of their succulent pork shoulders, whole hogs, savory beef sausage, mutton, and even some barbecued baloney. Recipes for these and the side dishes, sauces, and desserts that come with them are painstakingly recorded and tested. But *Barbecue Crossroads* is more than a cookbook; it is a trip back to the roots of our oldest artisan food tradition and a look at how Southern culture is changing. Walsh and Lovett trace the lineage of Southern barbecue backwards through time as they travel across a part of the country where slow-cooked meat has long been part of everyday life. What they find is not one story but many. They visit legendary joints that don't live up to their reputations and discover unknown places that deserve more attention. They tell us why the corporatizing of agriculture is making it difficult for pitmasters to afford hickory wood or find whole hogs that fit on a pit. Walsh and Lovett also remind us of myriad ways that race weaves in and out of the barbecue story, from African American cooking techniques and recipes to the tastes of migrant farmworkers who ate their barbecue in meat markets, gas stations, and convenience stores because they weren't welcome in restaurants. The authors also expose the ways that barbecue competitions and TV shows are undermining traditional barbecue culture. And they predict that the revival of the community barbecue tradition may well be its salvation.

**Bulletin - The Virginia Department of Agriculture and Consumer Services** Virginia. Dept. of Agriculture and Consumer Services, 1988 *The BIG Book of Glues, Brews, and Goos*

Diana F. Marks, 2014-12-02 This compilation is a must-have for every library, providing a multitude of methods for developing easy, interesting activities for children. Projects across cultures, recipes for healthy snacks, and intriguing science experiments are among the hundreds of ideas connecting learning and creativity for students of all ages. Here's a book to help students create cross-disciplinary projects by using materials they make themselves. From clays and dough to compounds and crystals, to healthy treats and snacks, children can access the formulas and recipes to make them all. This updated resource combines everything from the former two volumes into one comprehensive edition and features even more recipes, additional relevant content, and expanded connections between activities and curriculum. Every activity provides you with easy-to-follow, step-by-step directions. Each tried and true safe concoction uses easily obtainable ingredients and provides suggestions for determining why and when each formula can be used. The book contains recommendations for linking projects to curriculum to help make each activity relevant and educational. Organized into 33 chapters, projects include making musical instruments, growing and using plants, conducting science experiments, and preparing food for ourselves and other creatures.
