Hollywood cinema It is not uncommon that good in the sense of critically acclaimed and successful in the sense of best selling books are translated into films in all kinds of genres and in all kinds of countries When a film adapts a novel it has to stand numerous comparisons to its literary predecessor But whatever the better medium for telling a good story is the history of filmadaptation speaks for the phenomenon of adaptation itself Many novels turned out to become good and successful films as well Especially the detective story seems to be made of a pattern that works perfectly for films as well The Big Sleep by Raymond Chandler and The Moonstone by Wilkie Collins are only two examples for successful film adaptations of classical detective stories What special pattern is this

**Jonathan Lethem** James Peacock, 2013-07-19 Jonathan Lethem is the first full length study dedicated to the work of an exciting genre busting contemporary writer with an increasingly high profile in American literature Examining all of Lethem s novels as well as a number of his short fictions essays and critical works this study shows how the author s prolific output his restlessness and his desire always to be subverting literary forms and genres are consistent with his interest in subcultural identities The human need to break off into small groupings subcultures or miniature utopias is mirrored in the critical tendency to enforce generic boundaries To break down the boundaries between genres then is partly to make a nonsense of critical distinctions between high and low literature and partly to reflect the wider need to recognise difference to appreciate that other people no matter how outlandish and alien they may appear share similar desires experiences and problems With this in mind James Peacock argues that Lethem s experiments with genre are not merely games or elaborate literary jokes but ethical necessities particularly when viewed in the light of the losses and traumas that shadow all of his writing Jonathan Lethem therefore makes an important contribution not just to Lethem studies but also to debates about genre and its position in postmodern or post postmodern literature It will be of interest to all scholars and students of contemporary American writing as well as those interested in genre fiction and literature s relationship with subcultures
