

## Narrative Essay

A narrative essay tells a story by relating its events in an organized manner so that it proves a point.

### Narratives in College Writing

#### **Narratives Prove a Point**

College writing uses narratives to prove a point by telling an event in logical order. For example, in a narrative essay about a camping trip, the purpose may be to show how camping can turn into a disastrous event.

#### **Do Not Just Tell the Story**

Instead of just telling the story, choose the details and organize the specific events of the story so that they will support the thesis. For the above example, select the particular details from the trip that show why camping can turn out disastrously.

### Types of Narrative Organization

#### **Chronological Order**

A narrative may present events in the exact order in which they took place. Chronological order moves from the beginning to the end, from first to last.

#### **Begin with the Middle or End**

In writing fiction or a personal account, a narrative may begin with the middle or end of the story for variety. Then, the events that led up to that particular point in the story may be presented.

#### **Flashbacks**

A narrative may also begin with the present and use a series of flashbacks, which interrupt the present in order to tell about past occurrences or events, to tell the story.

### Make the Narrative Interesting

#### **Use Detail**

The reader needs to see what is being discussed in the paper, so use vivid details, like imagery, and give specific information, such as the time of day, precise dates, and exact locations.

#### **Vary Sentences**

Be careful not to begin every sentence the same way. Also, avoid using sentences that use the same pattern; instead, use a variety of sentence structures.

Instead of: *We woke up in the middle of the night. We found our campsite flooded. We packed up our belongings and moved.*

Try: *In the middle of the night, we awoke from a deep sleep to find our campsite flooded with water. We were forced, unfortunately, to pack up our belongings and move upstream as quickly as possible.*

#### **Use Dialogue**

Dialogue is useful to help develop characters and to make the narrative more interesting. A reader would rather hear specific people speak than read about them.
