Displaced Comrades Ebony Nilsson, 2023-11-02 Exploring the lives of left wing Soviet refugees who fled the Cold War to settle in Australia this book uncovers how they adjusted to life under surveillance in the West Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set) Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Social Welfare Policy in a Changing World** Shannon R. Lane, Elizabeth S. Palley, Corey S. Shdaimah, 2024-12-18 This textbook is designed to help students develop the nine core social work competencies outlined by the Council on Social Work Education CSWE in its 2022 Educational Policy and Accreditation Standards EPAS Visit the 2022 EPAS website to learn more about these standards and competencies Social Welfare Policy in a Changing World Second Edition offers an engaging student friendly approach that links policy and practice while employing a critical analytic lens to U S social welfare policy With particular attention to disparities based on class race ethnicity ability sexual orientation and gender Shannon R Lane Elizabeth S Palley and Corey S Shdaimah assess the impact of policies at the micro meso and macro levels The authors provide a brief foundation in history the policy process and theory while primarily helping students understand how policy shapes their lives communities and clients Connecting description theoretical analysis and advocacy this text challenges readers to critically assess policy development its consequences and future implications Students will come away with a newfound understanding of how to use the political process to address social justice issues and advocate for meaningful policy change *The Art and Science of Making the New Man in Early 20th-Century Russia* Yvonne Howell, Nikolai Krementsov, 2021-12-02 The idea that morally mentally and physically superior new men might replace the currently existing mankind has periodically seized the imagination of intellectuals leaders and reformers throughout history This volume offers a multidisciplinary investigation into how the new man was made in Russia and the early Soviet Union in the first third of the 20th century The traditional narrative of the Soviet new man as a creature forged by propaganda is challenged by the strikingly new and varied case studies presented here The book focuses on the interplay between the rapidly developing experimental life sciences such as biology medicine and psychology and countless cultural products ranging from film and fiction dolls and museum exhibits to pedagogical projects sculptures and exemplary agricultural fairs With contributions from scholars based in the United States Canada the UK Germany and Russia the picture that emerges is emphatically more complex contradictory and suggestive of strong parallels with other new man visions in Europe and elsewhere In contrast to previous interpretations that focused largely on the apparent disconnect between utopian new man rhetoric and the harsh realities of everyday life in the Soviet Union this volume brings to light the surprising historical trajectories of new man visions their often obscure origins acclaimed and forgotten champions unexpected and complicated results and mutual interrelations In short the volume is a timely examination of a recurring theme in modern history when dramatic advancements in science and technology conjoin

with anxieties about the future to fuel dreams of a new and improved mankind *Dictionary Catalog of the Department Library* United States. Department of the Interior.
